A rare opportunity to acquire a secluded property of period origins on the rural outskirts of Gurnard, a short walk from the coastal path yet occupying a mature garden of about 1.5 acres. Believed to have originated from the 1850s as a pair of farm cottages the property benefits from a recent extension and has a great blend of historic character with modern comforts. Good quality outbuildings include an impressive architect designed chalet/ home office and an oak framed car port/ garage. There is also potential to extend into the roof space of the house with existing planning consent for dormer windows.

Hillside occupies a particularly attractive elevated position on a country lane with views over the gardens, surrounding countryside and towards The Solent, especially from the first floor. Gurnard, an easy walk or cycle ride, has an active sailing club, a popular waterside pub, a café and a late opening Convenience Store. The internationally renowned sailing centre of Cowes with its wide range of independent shops and restaurants along with frequent passenger ferry service to Southampton is about 2 miles away. The County Town of Newport with all the shopping and other facilities including the County Hospital are within a 15 minute drive time.

Along part of the front elevation of the house, adjacent to the entrance porch is a **SOUTH FACING VERANDA** that opens to a large stone paved terrace to the eastern side of the house providing a secluded outdoor seating and dining area with wonderful views over the garden and surrounding countryside. The terrace extends around the northern side of the house, for capturing the sun at the end of the day and there is a further west facing paved terrace adjacent to the garden room, providing a sheltered al fresco living space.

The wonderful gardens form a delightful setting and extend to about 1.5 acres, principally laid to lawn and including an array of mature trees including oak, horse chestnut, liquid amber, wild cherry, judas and a tulip tree. There are also a wide variety of fruit trees including apple, plum, damsons and fig along with a walnut grove. Timber **GARDEN STORE** 4.25m x 2.73m.
