The property

Part of a development to create five individual bespoke homes, with 10 year warranties, this attractive home is created from a traditional Georgian brick farm barn, with a high driftway window. The Barn is partly double-height, with a single-storey bedroom wing.

The property has large double-glazed dark grey aluminium windows and doors and sliding patio doors in conjunction with the extensive use of fixed and remotely opening roof lights.

With high levels of insulation, mostly tiled ground floor flooring with an air source underfloor heating the property will be economic and environmentally friendly to run. Brick faced exterior walls and slate pitched roof will retain the character of the building, combined with the contemporary look of aluminium gutters and aluminium powder coated windows and doors. The very large, partly vaulted principal living and kitchen space enjoys the south-facing views, and with the benefit of a contemporary wood-burning stove, high-quality fitted kitchen with integrated appliances, sink, cooker and island unit and ample dining and sitting space this room is dramatic. The home office/study is ideal for home working.

There are four generous bedrooms, bathroom and shower rooms with high-quality sanitary ware, tiling and basins in vanity units, including twin basins in the principal bedroom en suite. The ground-floor bedrooms have wide sliding patio doors to the south-facing garden patio. The first floor bedroom and shower room are approached by a bespoke timber staircase to the landing.

Gardens & grounds

There are four parking spaces for the property, and the generous garden has a brick boundary wall for privacy. There are paved patios and paths.

Services

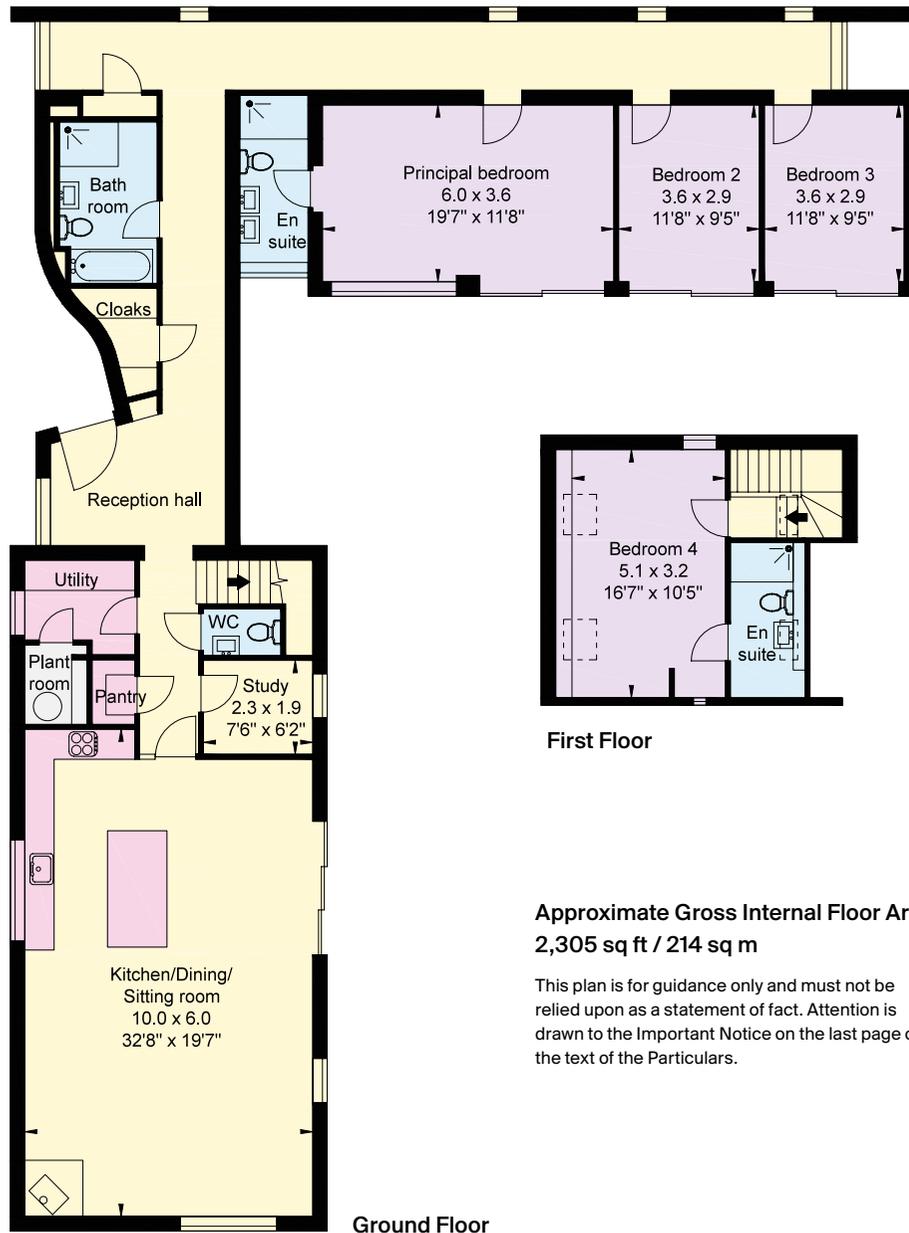

Mains water and electricity are connected to the property. A communal sewerage treatment plant serves the 5 properties. Air source heat pump for central heating. Telephone and broadband.
