29 Albany Street

EDINBURGH • EH1 3QN

AN EXCEPTIONAL BOUTIQUE **17 ROOM APARTHOTEL IN** THE HEART OF EDINBURGH'S **NEW TOWN** 

# **INTRODUCTION**

Knight Frank is delighted to bring to market a prime investment opportunity at 29 Albany Street, a newly developed 17-room Aparthotel situated in the heart of central Edinburgh.

This high-specification asset will be delivered turnkey, offering investors or operators a rare chance to secure a fully compliant, purpose-built hospitality product in one of the UK's most resilient and high-performing markets.

The vendor is seeking an early forward commitment on an asset purchase basis, presenting the incoming purchaser with the opportunity to influence final fit-out specifications whilst optimising the layout, finishes, and operational efficiency to suit brand standards, target demographics, and long-term revenue strategy.

## **KEY INVESTMENT** HIGHLIGHTS

Prime Central Edinburgh Location - Close proximity to key Edinburgh landmarks, business hubs and cultural attractions across the city centre.

Transport & Accessibility - Close proximity to Waverly Train Station, Edinburgh's Tram Network offering direct airport access, Edinburgh Bus Station and the City's road network in all directions out of the centre.

Boutique Offering - A unique blend of Georgian, period townhouse features with a connected extension to the rear and contemporary specification.

Stylish Suites and Rooms - A range of 17 rooms and suites, from larger family suites to executive and classic rooms.

High Sepcification - Full, high-grade refurbishment with period and contemporary finishes throughout.

Branding Opportunity - Potential forward commit option to enable a bespoke tailored finish to a specific brand.

Strong Aparthotel Market - As the UK's second strongest hotel market, Edinburgh presents high demand for boutique aparthotels, a rare and desirable option for guests favouring self-catered stays for both leisure and business.

**Energy Efficiency** - Predicted EPC rating of B which is excellent for this type and age of building.

## LOCATION

Nestled in the heart of Edinburgh's historic New Town, 29 Albany Street offers an exceptional city-centre addre moments from the capital's key attractions, business dis and transport links.

Guests are a short stroll from the iconic shopping offerings on Princes Street, George Street, Multrees Walk and the St James Quarter as well as the cultural landmarks of the Old and New Towns; both UNESCO World Heritage Sites. The majestic Edinburgh Castle and the cobbled streets of the Old Town capture the city's unique charm and centuries of history, creating a truly unforgettable atmosphere. The immediate New Town area is also home to an array of acclaimed restaurants, designer boutiques, independent shops, and vibrant nightlife.

With excellent connectivity to Edinburgh Airport and all corners of the city, 29 Albany Street presents an ideal base for both business and leisure travellers seeking style, convenience, and an authentic Edinburgh experience.

### 29 ALBANY STREET -PAST, PRESENT AND FUTURE

#### A Heritage Address

Set in the heart of Edinburgh's New Town, 29 Albany Street is steeped in over 200 years of history, a former home to celebrated figures and vibrant enterprises that helped shape the city's cultural and professional life.

In the 19th century, this elegant townhouse welcomed distinguished residents including Sir Adam Ferguson, Keeper of the Honours of Scotland and Rev. William Robertson of New Greyfriars Church. It also offered refined lodgings for wine merchants, solicitors, and community leaders, a reflection of the city's thriving civic life.

Through the 20th century, 29 Albany Street evolved into a creative and commercial hub, hosting everything from legal chambers and publishing houses to notable artists such as Donald Moodie and John D. Kennedy, known for their evocative wartime works. It was also home to the celebrated W.S. Murphy Ltd, a major football pools operator, and later to design-forward publishers like Serif Books and David Macdonald Ltd.

Today, this townhouse is entering an exciting new chapter. Soon to be transformed into a boutique aparthotel, 29 Albany Street blends Georgian elegance with contemporary comfort.

# APARTHOTEL OVERVIEW

29 Albany Street holds full planning consent for its transformation into a premium 17-unit aparthotel in the heart of Edinburgh's New Town. Construction is set to commence on this striking A-Listed property in late summer 2025, with practical completion anticipated by the end of 2026 and an official opening planned for early 2027.

The development will offer a thoughtfully curated mix of 17 suites and rooms, including family suites, executive and classic rooms. Guests will enjoy a distinctive fusion of period charm and contemporary luxury – from the refined elegance of restored Georgian architecture to the clean lines and modern design of the rear extension. This blend of heritage and refurbishment will cater to both leisure and corporate travellers seeking an authentic yet refined Edinburgh experience.

Each unit is designed to a high specification. All rooms benefit from, stylish bathrooms or shower rooms, high-speed Wi-Fi, and access to beautifully restored common areas – including a striking flagstone entrance hall. The family suites and executive rooms also feature self catering functions with modern kitchen facilities.

Operational practicality has been integral to the design. The building will incorporate a dedicated plant room to support energy-efficient systems, along with internal storage and linen cupboards to facilitate day-to-day management. Externally, three under-pavement cellars will be sympathetically restored and dry-lined to accommodate essential services such as electrical systems, laundry storage, and bin store.

#### Sustainability & Energy Efficiency

The aparthotel has been designed with long-term operational efficiency and environmental performance in mind. A significant investment is being made into future-proofing the building's energy systems, ensuring reduced running costs and enhanced profitability for the operator. Every element of the design prioritises sustainability and low-carbon operation, while maintaining comfort and usability for guests.

#### **Key Features:**

- High-efficiency central heating and hot water system powered by an Air Source Heat Pump
- Fully electrified building, achieving a Zero Carbon ready standard
- Target EPC rating of B exceptional for a property of this type and age
- Integrated Building Management System (BMS) for complete control and monitoring
- Compliant with CIBSE TM59 (2017) to mitigate the risk of overheating

#### **Room Mix Overview**

| Room Category     | Number of Rooms | Average Room Size (ft <sup>2</sup> ) |  |
|-------------------|-----------------|--------------------------------------|--|
| Family Suites     | 3               | 491                                  |  |

**OPERATIONAL FORECASTS** 

Detailed operational forecasts have been prepared and are available to qualified parties upon request. These projections indicate a compelling investment opportunity, underpinned by strong revenue potential and carefully managed cost structures.

Thanks to the building's high-efficiency design and modern energy systems, operating expenses are expected to remain low, supporting healthy margins and long-term profitability. The combination of prime location, premium specification, and flexible room mix positions 29 Albany Street to attract a steady stream of both short-term and extended-stay guests, ensuring robust and resilient income generation.

With rising demand for quality aparthotel accommodation in central Edinburgh, this development presents an exceptional opportunity for operators and investors seeking sustainable, long-term returns in one of the UK's most dynamic hospitality markets.

ALBANY STREET

# **SPECIFICATION**

#### **KITCHENS**

- Two ring induction hob in rooms
- Extract fan and hood above hobs
- Combination microwave/fan oven
- Fridge/freezer
- Slimline Dishwasher
- Undermounted sink with swan neck mixer tap
- LED under cabinet lighting

#### SHOWER ROOM/WCS

- High quality contemporary bathroom fittings including:
- Floor standing WC with concealed cistern
- Chrome taps and shower valves
- Exposed rail overhead shower and handset, with thermostatic mixer
- Bathroom mirror including light and demister pack with shaver socket
- Chrome towel rail from wet heating system with electric immersion for boost heart in summer.

#### **LIGHTING & ELECTRICAL**

- Efficient LED lighting
- Bedside light switching
- Integrated USB-C charging to either side of bed head power sockets.
- Freeview TV Outlet
- Cat 6 Data outlet behind TV
- WIFI and digital TV access points within each room.

#### **SECURITY & FIRE**

- Centralised keypad access system to main entrance, all apartments and resident amenities
- Centralised CCTV system
- Centralised fire safety and monitoring system with misting fire suppression

#### **HEATING & VENTILATION**

- Efficient Central hot water and heating system served from an efficient Air Sourced Heat Pump.
- The central system is fully BMS controlled giving full monitoring and function to the building user.
- Heating system will include weather compensation and optimum start so the system learns what the heating water flow temperature should be at depending on external conditions providing efficient operation and comfortable conditions.
- Local TRV controls will provide users with temperature setting.
- A Decentralised mechanical ventilation system provides fresh air to the bathrooms and kitchens.
- The ventilation system shall be operated through light switches and PIR sensors. The fan speeds shall ramp up and down according to occupancy saving energy.

#### SUSTAINABILITY AND ENERGY

- Efficient central hot water and heating system served from an efficient Air Sourced Heat Pump.
- The building is 100% electrified meaning that its Zero Carbon ready.
- The proposed system will give the property an EPC rating of B which is excellent for this type and age of building.
- The central system is fully BMS controlled giving full monitoring and function to the building user.
- The building has met the compliance criteria set out in CIBSE TM59 (2017) to demonstrate that the risk of overheating has been sufficiently mitigated.

### EDINBURGH MARKET **OVERVIEW** -

The trading landscape across Scotland's Hotel & Aparthotel market has been robust, with strong growth recorded, consistently outperforming the regional UK hotel market. Between 2022 and 2025 RevPAR performance across all Scotland hotels recorded compound annual growth of 8.1% per annum.

Scotland's RevPAR performance has far exceeded pre pandemic trading, with an uplift in RevPAR of 29% in 2024 versus 2022. This recovery has continued at the start of 2025, with year-to-date RevPAR to April surging by 30% versus 2022.

The growth has been led by an exceptional strong performance in Edinburgh and provincial Scotland. Edinburgh's hotel market also witnessed excellent growth versus 2022, and its performance has been improved by limited new hotel supply opening in recent years. With central Edinburgh hotels showing 41% YTD RevPAR growth versus 2022, this provides evidence that demand for Edinburgh's quality hotel/apart hotel supply is extremely robust.
