The Property

Barley Brook House is a delightful 19th century house extended and modernised in recent years. It has a most attractive mellow stone front elevation with painted brick quoins. Since 2014, when the present owners purchased the property, a new biomass boiler has been installed, integrated appliances replaced in the kitchen including an American-style fridge/freezer, a water softener installed, a log burning stove fitted in the drawing room, solar panels added, and the house generally updated, where necessary. The gardens and grounds have been beautifully landscaped including the development of a Parterre Garden, and a purpose designed pine summer house built overlooking the swimming pool, garden and a new aluminium greenhouse.

The interior is of simple elegance, and the atmosphere warm and friendly. All rooms have a wonderful outlook over its private garden to undulating countryside beyond. The rooms are well proportioned and light, some with ceiling cornices. The drawing room, sitting room, breakfast kitchen and study all open to the rear garden. The breakfast kitchen has a four oven oil fire Aga, walk-in larder and central island. A door opens from the kitchen to a covered walkway, ideal for use as a boot store, linking it with the utility room.

A fine staircase rises from the reception hall to the first floor. The principal bedroom, with en suite bath/shower room has wonderful views over the garden and adjoining field. There are four further bedrooms, shower room, and family bath/shower room. On the second floor is bedroom six with an en suite bathroom and a boarded attic room.

Outside

Barley Brook House is approached through a five bar gate which opens to a wide driveway, with EV charging point, providing parking for a number of cars. The substantial garage block at the head of the drive has a double garage with remote control electric door and loft over. Adjoining is a full height workshop/garden machinery garage.

The front garden is private and surrounded by dense hedgerow and trees. There is a large expanse of lawn with mown pathways, mature trees include a Walnut and a stream runs along the northern boundary.

The rear garden is a delight, very private and thoughtfully landscaped. It has been planned for colour, interest and texture and includes a well-established Parterre Garden with Medlar, Mulberry, Quince, crab apple and Olive trees. Timber arbours are adorned with mature climbing roses and there are deep shaped herbaceous and rose borders and level lawns. Raised stone beds are planted with a variety of shrubs and flowering plants. Ornamental trees include Cherry, Silver Birch, Home Oak and Spruce. Fruit trees include apple, pear, and plum. Outside the sitting room and breakfast area are paved areas ideal for entertaining overlooking the garden with lovely views. The rear garden gives pedestrian access to the field.

Screened from the Parterre Garden by a mature rose hedge is the outdoor pool and summer house with superb views across the garden to the surrounding countryside. The pool is not heated but plumbing is in place to connect to a air source heater. The recently constructed summer house, with filtration plant and adjoining garden store, has substantial posts supporting an overhang which are clad with climbing roses and a grapevine. Adjacent is a new aluminium greenhouse.

The Land

The adjoining field lies to the north of the house and gardens and has vehicular access over the entrance drive and to the west of the garage block. The views are superb. Several young trees have been planted here.
