Having been extensively modernised in the last year, Ivy Cottage is a fine example of a double fronted house in a highly accessible town centre location.

The house has seen a full replacement of windows and new wiring, including the annexe, and is fully refreshed inside and a delightful level and private garden to the rear.

The entrance hall is set between the two reception rooms, the sitting room having a lovely bay window with garden views, a fireplace with mantelpiece and is a lovely bright room. The dining room links to the kitchen with plenty of floor units, a window overlooking the rear garden and an AGA. In turn, this leads to a small breakfast or snug area with wood burner and then onto the conservatory with French doors to the garden. At the other end of the kitchen is a large utility room with a flagstone floor and all the appliances as well as a downstairs shower room.

The 1st floor has three double bedrooms and the family bathroom. The principle bedroom has a fine bay window with plenty of wardrobe space.

Situation

Sturminster Newton is a traditional market town. The town has a weekly market on Mondays, a range of shops including traditional butchers and delicatessen, supermarket, cafes, pub, library, doctor and dental practices, health centre, churches and schools. The town also has an exceptional and active arts centre which provides a wide range of music, theatre and other events, a recreation ground and the surrounding area has some fantastic walking countryside. The larger towns of Blandford Forum, Shaftesbury and Sherborne are within easy reach by road and Gillingham has a main line station to London Waterloo (approximately 2 hours).
