ACCOMMODATION

A Hamstone pillared storm porch with a uPVC double-glazed entrance door leading to the reception hall, which is a very good size, having a staircase rising to the first floor.

The sitting room is dual aspect, having an open fire with ham stone surround and hearth, and a wooden mantle, whilst timber doors lead to the sun lounge.

This is a very good size room of uPVC double-glazed construction having French and single doors to the garden. (Please note that the vendor has informed us that this room needs a new roof).

The kitchen/breakfast room is a good size, having a comprehensive range of marble effect worktops with white doors, a number of units with drawers and cupboard under and underlit wall cupboards, plumbing for a dishwasher and wall tiling.

The utility room again has timber effect worktops and grey doors with

stainless steel door furniture and an oil boiler. There is space for an automatic washing machine tumble dryer and American-style fridger/freezer. Also on the ground floor is a cloakroom with a white suite and a substantial dining room.

On the first floor, there is a landing with a study, a staircase rising to the second floor, four bedrooms, one with an en suite shower room and one with a cloakroom with a white suit. There is also a family bathroom.

On the second floor is a huge kitchen/living room being dual aspects.

The kitchen area has a range of black marble effect worktops with white doors and stainless steel door furniture. There is also a double

bedroom being dual aspect.

THE DETACHED LODGE is a good size, having recently been renovated with new carpets and a new entrance door to the reception hall with a hatch to the roof space. There is a large kitchen/living room with the kitchen area having marble effect worktops with timber-effect doors. Fitted appliances include a hob, hood and stainless steel oven, base units, space for a washing machine and fridge, wall cupboards and oil fired boiler. There are patio doors to the front. The lodge could be used as a useful Annexe for an elderly parent/teenage son, or daughter, secondary income, although we do understand it can not be let for more than 12 weeks, which is a

condition of planning.

THE SWIMMING POOL COMPLEX comprises a substantial swimming pool which is circa 4ft deep, electric Velux windows a changing room, a shower, a separate WC and a kitchenette.

The front of the property is very well screened from the very quiet road through this favoured village together with a lawned garden and tarmac parking for circa 6-8 vehicles. Timber gates lead to a gravelled area offering further parking if required or a useful storage space for boats, caravan etc.

SITUATION

The sought after and very pretty village of Coat lies close to the well served village of Martock. Coat is well known for a predominance of pretty Hamstone dwellings and provides one of Somerset's most appealing street scenes when driven through. Within a couple of minutes drive is Martock which is a large village containing an enviable range of amenities and facilities including independent retailers, butcher, bakery, chemist, doctor and dentist surgeries, a vet, library and primary school to name but a few.

The larger commercial town of Yeovil is some 8 miles distant, featuring two train stations, one on the Bristol to Weymouth line and the other providing a direct service into London Waterloo.

Coat is also well placed for quick access to the A303 trunk road that allows for main road links both east and west.
