## Price Guide £925,000 Freehold

The Property is entering the market for the 1st time since it was built in the early 1960's. The property offers impressive and attractive elevations with undoubted potential, with large private gardens and occupies an established position on the highly desirable Berg development.

The property offers tremendous potential to take advantage of its large plot, although the house has already had a small extension, there is undoubted space for further enlargement, subject to planning. Currently there is a spacious reception hall with a cloakroom off and a pair of glazed doors which lead to the spacious living room with an open fireplace and patio doors leading to the sun terrace and the rear garden. There is an archway from the sitting room into the dining room which can also be accessed from the kitchen breakfast room.

On the ground floor there is a double bedroom which could easily be a home office or family room, depending on purchasers requirements. Upstairs, there are 4 bedrooms and 2 bathrooms.

The gardens are a wonderful feature, the front garden is open plan and laid to lawn with beautifully well stocked and colourful flower borders. The current driveway provides parking for numerous cars and leads to the garage, however, additional parking could be realised if required. The rear garden enjoys a high degree of privacy, with a large crazy paved sun terrace, well tended lawn, well stocked and mature flower borders, with specialised shrubs, plants and trees.
