An amazing opportunity to acquire this large scale property of historical and architectural significant. Built in 1901, replacing 3 cottages, this substantial property was built as a butchers shop and a large dwelling.

The shop has been made independent of the house, ideal for a teenage/granny annex subject to the relevant consent. Alternatively with the removal of a false dividing wall, the shop can be reincorporated into the house as it was initially built. It has fabulous curb appeal, nicely set back over looking the green and stands on a sizeable 0.21 acre plot. The large plot further lends itself to a further extension or development subject to the relevant consent. It has a double garage for secure parking, two large stores and a cellar.
