Happy Valley Cottage

Location & Description

The property is less than two minutes walk from the centre of Great Malvern and therefore within immediate reach of a fine range of amenities including shops and banks, Waitrose supermarket, the renowned theatre and cinema complex, the Splash leisure pool, Manor Park Tennis centre, the 11th Century Priory and Priory Park.

Junction 7 of the M5 motorway at Worcester is approximately nine miles away and Junction 1 of the M50 at Upton upon Severn is about eleven miles distant. There is a mainline railway station in Great Malvern.

The property is set high on the eastern slopes of the Malvern Hills and its yards from some of the finest and most interesting walks that any real country lover could wish to enjoy.

Property Description

Built during the mid 19th Century, Happy Valley Cottage is a special period townhouse which has the style and elegance of a unique gentleman's residence. Many of these qualities have been retained and the house boasts wonderful period features including striking wall panelling, fireplaces, stripped pine doors, floor boards and leaded windows.

From its commanding setting the property enjoys panoramic views across the rooftops of Malvern to the Severn Valley.

The accommodation is generous. It includes a fitted kitchen, lovely drawing room, conservatory, reception hall, dining room, sitting room (which can double as a bedroom), sun room, utility room, five bedrooms, two bathrooms, and shower room. The property has gas central heating and two garages en-bloc.

Although the current owners have made considerable improvements since they purchased the property in 2008, buyers should be aware that the property does need refurbishment and restoration work in a number of areas and this will be highlighted in any survey undertaken and this has been taken into consideration when setting the Guide Price.

GROUND FLOOR

Breakfast Kitchen 4.62m (14ft 11in) x 4.42m (14ft 3in) max

Accessed via a pine stable door with single glazed leadlight windows to side and giving access to this area where already the good proportions of this property can be enjoyed. Range of fitted wooden shaker style base units with drawers and wooden 'butchers block' style worktop over, inset into which is a Belfast sink with mixer tap. Positioned in the fireplace with wooden mantle is a Range Cooker with extractor over. Panelling to half height, fitted dresser with drawers and cupboards, wooden surface over with additional cupboards and shelving. Tiled floor, inset ceiling spotlights. Tiled splashback. Victorian style central heating radiator. Door to inner hallway, door to utility (described later) and two steps lead down into

Drawing Room 6.43m (20ft 9in) x 4.75m (15ft 4in)

Fine bay window with three sets of original leaded windows and radiator beneath. From this bay there are stunning views across the Severn Valley. Wash basin in pine cabinet, ceramic tiled splashback, low level WC, bidet, three stained glass windows, spotlighting, stripped pine floorboards, exposed oak ceiling timber.

Tower Staircase

This is an alternative approach to the first floor. The tower staircase is accessed from the ground floor via the rear hall and utility room. It is a particularly impressive staircase and incorporates an oak balcony and newel posts believed to have come from an old shipping company. It has large original leaded windows with a southerly aspect.

Outside

There are two Garages 16'11 x 9'2 which forms part of a communal block of three positioned a short distance away from the property.

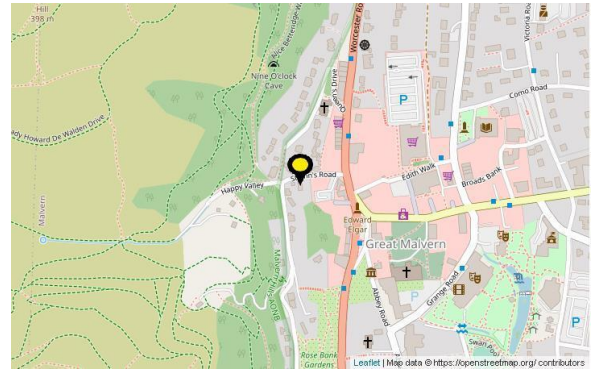

The courtyard gardens consist of a south east facing paved sun terrace with flower beds and a curved parapet wall. It enjoys magnificent views over the Severn Valley. There is a semi circular pergola on the southern side of the conservatory which has a number of climbing plants including a wonderful wisteria. Two exterior cold taps. Outside the property there is a secondary area of garden with access to a covered store.

The main entrance to the house is through two solid doors beneath the original arched and roof portal. This is a highly secure entrance.
