13 Pippin Drive

Location & Description

13 Pippin Drive is located in the popular St James Green development within the highly regarded village of Welland. The development was been created by Bovis Homes and much thought has gone into the design of the estate which offers well spaced out homes with large communal green areas and 13 Pippin Drive overlooks one of these areas.

The village of Welland is well served with a shop, a small café and post office, community hall, church and two public houses located on the outskirts of the village. Further and more extensive amenities are available in the riverside town of Upton upon Severn, city of Worcester and the Victorian hillside town of Great Malvern.

Educational needs are well catered for with primary schools in Welland and Upton upon Severn as well as a secondary school at nearby Hanley Castle. Great Malvern and Worcester offer excellent private education facilities at both primary and secondary levels.

Transport communications are excellent with the M50 motorway positioned just outside Upton bringing the Midlands, South West and South Wales into an easy commute. The mainline railway station in Malvern provides direct links to Worcester, Birmingham, London, Hereford and South Wales.
