Location

Trefoil Place will be found along Wissett Road, just a short walk to the north of the centre of the desirable market town of Halesworth. The town is probably best known for its busy high street, including independent shops, cafés, pubs and restaurants. It also has a supermarket, post office, primary school, pharmacy, library and train station, which provides services via Ipswich to London's Liverpool Street station. To the east of Halesworth lies the Heritage Coast which is renowned for its wide variety of leisure opportunities, including the well regarded seaside resort of Southwold, historic Dunwich and the RSPB sanctuary at Minsmere. Snape, home of the Aldeburgh Festival, is approximately 15 miles away and offers a variety of shops, cafés and art galleries.

Description

Trefoil Place is an exclusive new development of just four bungalows, which are currently under construction by the local developer, Beaulieu Homes Ltd. Beaulieu Homes Ltd was formed in 2023 by Iain Jamie and Ben Whiting, who between them have over 50 years of experience in the house building industry in East Anglia. Beaulieu Homes wishes to establish itself as a developer of high quality homes of exacting standards in Suffolk and the surrounding area.

Internally, Beaulieu Homes will finish their properties to an extremely high standard with Mackintosh kitchen units, finished with stone or quartz worktops to the kitchen and utility rooms. Integral branded appliances will also be included - these may vary slightly from plot to plot, but will generally include a double oven with induction hob, fridge/freezer, dishwasher and wine fridge.

The external finishes at Trefoil Place, as depicted in the CGI's, will be in the traditional Suffolk vernacular, but complimented with contemporary styling, with a combination of brick and weatherboard elevations set beneath pantile roofs. For ease of maintenance there will be uPVC casement windows, fascias and soffits in pebble grey, together with solid timber front doors. Laufen Swiss sanitary ware will be fitted to bathrooms and en-suites, and flooring will also be provided throughout with tiling to the hallway, kitchen, dining area, utility and downstairs WC, Amtico flooring in the bathroom and en-suites together with carpets to the remaining areas. The gardens will include terraces and pathways laid with Indian sandstone, with the remainder laid to top-soil and seeded. Being newly constructed properties, each will be extremely energy efficient with an air-source heat pump serving underfloor heating throughout. A full summary of the proposed specification is available from the agents on request.

Each property will also benefit from a 6 year RICS Professional Consultant's Certificate, and the target build completion date is due to be in the autumn 2024.
