Description

Goulders Farm is a most impressive Grade II Listed detached house of timber frame construction with rendered elevations under a peg tiled roof. Of particular note are the mullion windows at the gable end of the house, exposed studwork and an intricately carved beam. In recent years, the house has undergone refurbishment works that have been sympathetically carried out so that it offers a mixture of comfortable modern accommodation, alongside original period features such as exposed beams and fireplaces.

A door to the rear of the house provides access to a reception hall that opens to the dining room. This has an Inglenook fireplace with woodburning stove and south-east facing windows to the front of the property with fields views. There are exposed timbers and a brick floor. Doors lead to the kitchen, sitting room, downstairs shower room and stairs rise to the first floor landing. The triple aspect kitchen has views over the front and rear gardens. It is fitted with a range of high and low-level wall units and there is space and plumbing for a range cooker with bottled gas connection. There is also space and plumbing for a dishwasher, washing machine and tumble dryer, and a ceramic sink with filtered water tap. In addition is a breakfast bar. In one corner is a cupboard housing the oil-fired boiler.

The cosy dual aspect sitting room has windows overlooking the garden and fields. There is a fireplace with woodburning stove and a shelved cupboard. The room opens to a study area which has floor to ceiling fitted shelves. The downstairs shower room is predominantly tiled and comprises a WC, handwash basin and large shower unit. On the first floor landing there is a window to the rear of the property and a built-in linen cupboard. Stairs lead to the second floor attic room and doors lead to the bedrooms and bathroom. The principal bedroom has exposed timbers and windows to both the side and the front. There are built-in wardrobes with hanging rails and shelving. The second bedroom is a double and has a window to the front, a fireplace and walk-in wardrobe. The third double bedroom has exposed timbers and a window to the front. Bedroom four is a dual aspect double bedroom and has a wealth of exposed timbers. Adjoining this is the bathroom which has relatively recently been refurbished in an attractive period style. There is a roll top bath, feature WC and period handwash basin sitting on a marble top dresser.

The second floor landing has a door into a particularly spacious attic room. This has Dormer windows to the front of the property and a further window at the gable end. It offers excellent storage and has great scope to be converted into further living accommodation if required and subject to the normal consents. It measures approximately 37' x 12' (sloping ceilings). A door provides access to a further loft store.

The Outside

To one side of the house is a shingled parking area for at least four vehicles. This leads to a timber garage which measures 18' x 8'5". Power is connected. A gate leads into the garden where there is a singled patio area abutting the rear of the house beyond which is a lawn that is enclosed by hedging and fencing. It contains mature trees and shrubs. At one end there is a Pergola. In all the grounds extend to 0.2 acres.
