Wilson Tominey are delighted to present Barbary House, a unique, substantial family home with accommodation over three floors. It offers expansive living space with the option for semi-separate ground-floor living. The home enjoys generous proportions throughout, a balcony, garage and some sea views.

Ground floor

The ground floor offers excellent versatility with two large bedrooms complemented by a shower room that features a double shower cubicle with a mixer shower, WC and basin. Bedroom 2 is large enough to be repurposed as a living room, offering an element of semi-independent living. A practical utility room provides direct access to the garden and side access. Integral access to the garage completes the ground floor.

First floor

A generous landing with a side sash window and an airing cupboard leads to the living/dining room, kitchen, Bedroom 5 and the family bathroom. The living/dining room is the hub of the home and offers a bright space with log burner, two front sash windows and a door onto a balcony with far-reaching sea views. The kitchen offers ample modern cabinetry with integrated main oven and combi oven/microwave, an induction hob, dishwasher and full-size fridge, plus two rear windows overlooking the terraced garden. Bedroom 5 is a good single currently used as a home office. The family bathroom has a panelled bath with shower attachment, WC and basin.

Second floor

The top landing opens to bedrooms 1 & 4 and a contemporary shower room. Bedroom 1 is a generous double with dual-aspect windows, fitted sliding wardrobes and an additional built-in cupboard. Bedroom 4 is a double with a front window and sea views. The shower room is wet-room style with a mixer shower, WC, basin, underfloor heating and a rear window overlooking the garden.

Garden

The rear garden has been tastefully landscaped, enhancing usability, and planted with a diverse range of plants and shrubs. There are 10 solar panels included with the house, together with an 8.5 kW battery.

Energy Efficiency Rating			Environmental Impact (CO ₂) Rating		
	Current	Potential		Current	Potential
Very energy efficient - lower running costs			Very environmentally friendly - lower CO ₂ emissions		
(92 plus) A			(92 plus) A		
(81-91) B			(81-91) B		
(69-80) C			(69-80) C		
(55-68) D			(55-68) D		
(39-54) E			(39-54) E		
(21-38) F			(21-38) F		
(1-20) G			(1-20) G		
Not energy efficient - higher running costs			Not environmentally friendly - higher CO ₂ emissions
