Outside

The property sits in a lovely rural setting, accessed off a lane through a five bar gate onto the property's own private tree lined driveway which is gravelled. This in turn leads to the property where an open fronted carport can be found. The gravelled driveway then continues across part of the frontage with a border and low fence overlooking a field. There is then a seating area and a paved patio off the conservatory together with a useful potting shed. Off here there is a lawned garden with a selection of mature trees an ornamental pond, a pergola with climbing plants, garden shed and composting area. This section of the garden predominantly sits to the side of the cottage, whilst to the rear there is a gravelled area for ease of maintenance and mature hedging aiding privacy and backing on to farmland.

Agents Note

1. Along the driveway the local farmer retains a right of access into his field sitting at the rear of the property.
2. A full report on the private drainage system has been carried out and that shows the system needs replacing. This report is available for inspection from our office and the asking price has been set to reflect this.
