BALMORE

[www.adam-scotland.co.uk](http://www.adam-scotland.co.uk)

“A beautiful collection of nine luxurious family homes in the picturesque village of Balmore, East Dunbartonshire.”

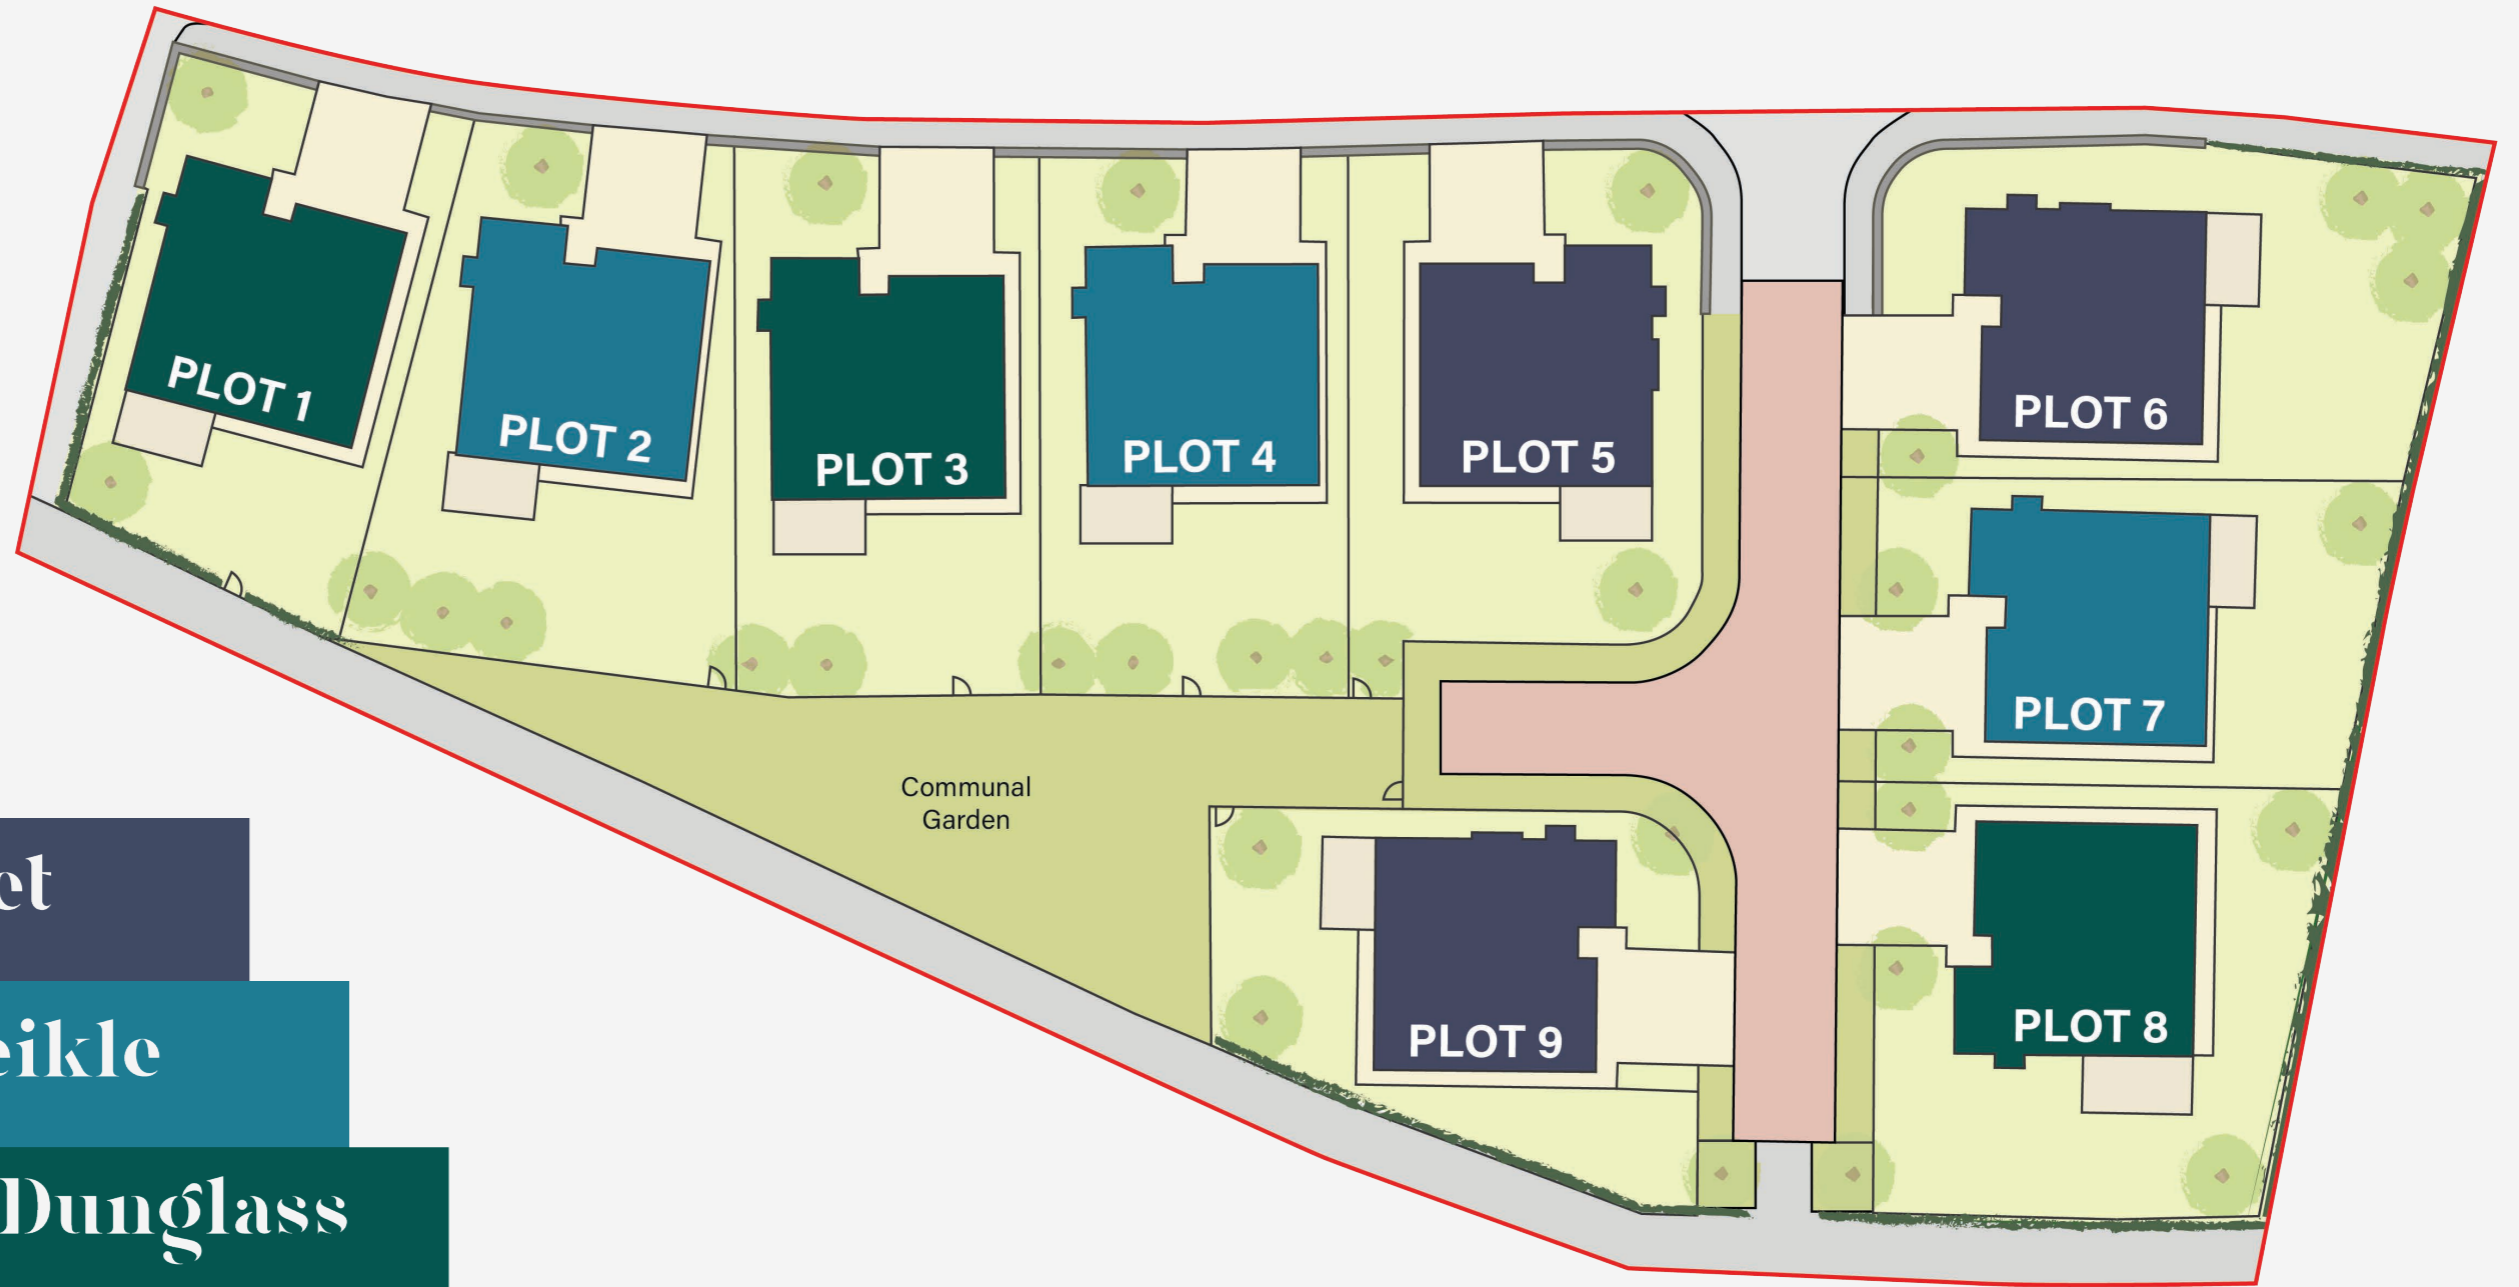

## Welcome to Old Balmore Road.

Situated within the charming village of Balmore at the foot of the Campsies, is Old Balmore Road, a picturesque development of nine beautifully designed 5-bedroom family homes that enjoy uninterrupted views over the surrounding countryside.

Residents can enjoy a unique semi-rural location that offers both a relaxed lifestyle with excellent connections to Glasgow, Stirling and beyond.

- Future proofed with underfloor heating on ground floor.
- Energy saving LED lighting throughout.
- Low E argon gas filled double glazing.
- Eco friendly Log Burning Stove.
- Solar photovoltaic eco panels.
- Smart meters

#### Local Area

Locally there are highly regarded primary schools nearby, a GP Practice, a collection of independent cafes, pubs and restaurants and a handful of excellent golf courses. The nearby towns of Bearsden and Milngavie offer a wider selection of shopping, retail, sports and hospitality facilities and are only a 5-minute drive from the development.

The countryside around Balmore is among the most beautiful to be found along Scotland's Central Belt, and the village acts as a tourist gateway to the scenic Campsie Hills. The starting point to both the revered West Highland Way and the sprawling John Muir Way are in close proximity, and the immaculately kept Mugdock Country Park is only a short drive from the development, which offer a wealth of dedicated walking routes and trails to explore.

The location of Old Balmore Road can be found by travelling North from Bearsden along the A807, following the road through Bardowie toward Torrance and along a scenic route that visits Bardowie Loch and winds through pristine farmland before reaching the development itself, which is located on the right-hand side and just off of the main road.

Throughout the West of Scotland, the name Adam (Scotland) Ltd is synonymous with exclusivity, quality and the highest standard of service in the house building industry, with many successfully completed developments in the surrounding area.

Unlike other house builders we do not have a standard house type or style, each development is individually designed and sensitive to the local neighbourhood.

We are committed to sourcing only the best quality materials in order to ensure that every Adam (Scotland) Ltd property benefits from effective heat insulation, sound proofing, fire resistance and structural integrity. All our properties exceed the latest Building Regulations in force at the time of construction.

Carefully selected materials that enhance the surrounding properties are used and by working closely with our architects we ensure that each development adds to the character of its environment.

Internally our philosophy to aspire to the highest principles of design and workmanship is carried on through. Every detail, from the sculptured coving and matching skirtings and architraves to the very latest in kitchen and bathroom design and up to the minute communication technology, is carefully considered.

Combine all these attributes with generous floor areas seldom seen in new properties nowadays and our developments really are traditional properties - with a contemporary slant.

#### Raising Standards. Protecting Homeowners

Adam (Scotland) LTD are NHBC registered housebuilders. The properties at Old Balmore Road are covered by the full NHBC 10 year warranty.

The images contained within this brochure are purely indicative of the finish and therefore do not form any part of any contract. Similarly, while every care has been taken in producing this brochure, descriptions, floor plans, specification and sizes/dimensions are approximate and do not form any part of any contract.
