SITUATION

The property commands a convenient location on the outskirts of the town set amongst a generous plot with front and rear gardens, a side courtyard, off road parking and a double car port. Liskeard has a range of shopping, educational and recreational facilities along with a mainline mainline railway station within walking distance of the property, serving London Paddington via Plymouth. The city port of Plymouth lies within commuting distance with excellent shopping facilities and a car ferry serving northern France and Spain.

DESCRIPTION

A most impressive and well cherished early Victorian residence designed during the 19th Century by the renowned local architect, Henry Rice. Believed to date back to 1860 it is understood to be the only property designed by Henry Rice that is not Listed and many of the original features remain present throughout. Having been sympathetically extended with a large kitchen/diner, the property would suit those looking for a well proportioned family home with the added benefit of off road parking and gardens.

ACCOMMODATION

The accommodation throughout the property is presented in excellent order having been regularly maintained by the current owners over their last 7.5 years of ownership. Beautiful high ceilings with well proportioned rooms flooded with natural light, offer themselves for a number of uses throughout the property. The front entrance porch has been recently upgraded with uPVC double glazing, and leads into a beautiful and welcoming entrance hall. The arched hallway with ornate corbels is a beautiful welcoming feature with the wooden staircase and understairs storage in the hall. Two large reception rooms currently used as a dining room and a separate sitting room, both have open fireplaces with exposed wooden floorboards in the dining room. The kitchen extension seamlessly blends a more modern and contemporary feel with the traditional sizes of the rooms, with a skylight and a range of high quality AEG appliances, including a dishwasher, gas hob and double oven to name a few. Adjoining westerly facing wooden conservatory with double glazed units, perfect for the late afternoon and evening sun. In addition, the ground floor presents a further 5th bedroom with a ground floor shower room, an office and separate utility with cloakroom and a side access.

The first floor mirrors the ground floor with generous room sizes and natural light. A fitted stair runner meets the landing at the top with exposed wooden floor boards and a large window off the landing creating a light and airy space. There are four generous double bedrooms, all slightly different in shape and size, with different features in each one. Bedroom 1 enjoys a dual aspect, whilst bedroom 2 has a feature fireplace and a bay window. Bedroom 3 at the rear has an ensuite shower room, whilst the family shower room with space for a bath services all other bedrooms.

OUTSIDE

Approaching the property, a pathway leads to the the double fronted elevation and Victorian style transom window with house name, and an abundance of mature shrubs and plants either side of the path. An additional access with a pedestrian gateway approaches to the side of the property, with a gate to the enclosed rear garden. The rear garden is mainly laid to lawn with a patio area, bounded by fencing, stone walls and a range of shrubs and plants. Steps lead towards the gravelled area with off road parking spaces, along with the wooden framed and slate roof double car port with additional storage. From bedroom 5, there is access to the side courtyard area for sheltered seating.
