#### DESCRIPTION

A well presented and beautifully restored period cottage offering the conveniences of modern day living and off road parking, in a sought after village location. The property is believed to originally date back to 1700's and is constructed of brick with a slate roof and uPVC double glazed windows. The property adjoins 2 other residential properties of a similar style and offers a versatile layout with 3 double bedrooms (all with en-suites). The cottage would ideally suit those searching for the village lifestyle, being walking distance of various green spaces, walks and village amenities.

#### ACCOMMODATION

The property throughout is presented in excellent decorative order, with a welcoming entrance hall through to an open plan kitchen/lounge. There is a fitted kitchen with a range of integral appliances including an electric oven and hob, extractor fan, slimline dishwasher and further under counter space for a fridge or freezer. There is an inset sink, various units and wooden work surfaces. Alongside the kitchen there is space for a dining table and chairs, which enjoys an outlook across to St Mary's Church. With a central wood burning stove, window seats and additional space for sitting room furniture, this is truly a great entertaining space for friends and family.

The first floor presents 2 of the 3 double bedrooms, with the principle suite having an en-suite bathroom. All 3 bedrooms in the property have built in storage, whilst bedrooms 2 and 3 have stylish and contemporary en-suite shower rooms. Bedroom 1 can be found on the ground floor, with steps down to the bedroom suggesting it could be an additional snug/reception room.

#### OUTSIDE

The property has 2 allocated parking spaces only a short distance (approx. 30 meters) from the property via Broad Street. The property is approached via a stone walled courtyard with brick piers and black iron feature railing. This area enjoys the same outlook as the kitchen, towards the church and would be suitable for a small table and chairs. Importantly, the property is less than 0.5 miles from the recreational park in Lifton, a great space for children, dog walking and sports. Separate access via small wooden doors lead to an underground basement which provided ample storage space for various belongings including bikes, canoes, walking accessories and more. The basement provides a large storage area and also houses the electricity meter, consumer mcb units and state of the art hot water storage cylinder.
