DESCRIPTION

Knapp Cottage is a beautifully presented, white-rendered property under a part natural, part handmade slate roof. The home offers light and spacious interiors, skilfully combining modern comfort with period charm thanks to extensive renovations in recent years. Retaining a wealth of character, the property features exposed beams and solid oak flooring, which lend a sense of warmth and history throughout.

The kitchen and dining room form the heart of the home, styled in a charming farmhouse design. Oak floorboards and bespoke timber units with solid wood worktops create warmth, while a central island with a granite top adds both function and elegance. A Belfast sink and oil-fired Aga enhance the rustic charm. There's ample space for a dining table, and French doors open to a paved garden terrace, blending indoor and outdoor living.

The elegant reception hall, with oak flooring and a stable door, provides access to the front parking area and carport. Stained glass French doors open to the rear gardens and terrace, adding a sophisticated touch.

The 23-foot sitting room is a standout feature, with a deep-set fireplace and wood-burning stove, solid oak sills, and matching floors. French doors fill the space with light and open to the garden terrace.

A well-equipped utility room includes a Belfast sink, wooden cabinetry, and a cupboard housing the water filtration system. The ground floor also offers a versatile fourth bedroom or study with fitted bookshelves, and a nearby cloakroom with a wall-mounted basin and WC.

Upstairs, the principal bedroom is a spacious double-aspect room with a vaulted ceiling and exposed beams, adding to its charm. Built-in wardrobes offer practical storage, and the room enjoys lovely views over the gardens. The guest bedroom, also double-aspect, includes an en-suite shower room for added comfort. The third bedroom features extensive built-in storage and shares the same picturesque outlook.

The family bathroom is beautifully appointed with a traditional roll-top bath, hand-held and overhead showers, and classic tongue-and-groove panelling. A wrought iron radiator with a heated towel rail adds both style and warmth, and the garden views create a tranquil atmosphere.

OUTSIDE

The gardens at Knapp Cottage are a standout feature, blending natural beauty with thoughtful design. At the center lies a formal terraced garden with a flagstone path and patio, ideal for outdoor dining. Raised beds filled with flowers, shrubs, and herbs add color and texture, while a charming rill enhances the tranquil setting.

Beyond the terrace, sweeping lawns with mature trees and shrubs create a sense of scale and serenity. Two lakes—one large, one smaller—attract wildlife and add visual interest, while stone steps lead to a secluded bluebell garden that comes alive in spring.

Extending to around two acres, the gardens offer complete privacy and include a large vegetable patch. A range of outbuildings—workshop, sheds, and greenhouse—adds practicality to this peaceful and versatile outdoor haven.
