

HOLMWOODHEIGHTS

An exciting development of 59 luxury apartments and penthouses situated in the bustling community of Cathcart

Situated in the bustling community of Cathcart, right in the heart of Glasgow's Southside, Holmwood Heights is ideally placed to offer residents the best access to the local area.

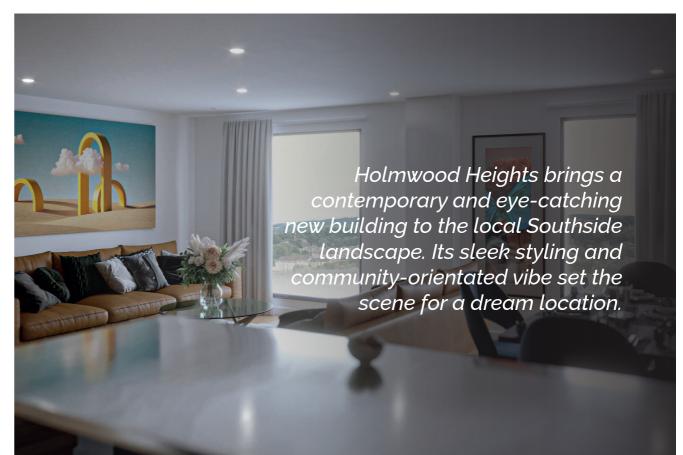

There are a number of lovely parks on your doorstep, including Pollok Country Park and Queens Park, both of which offer a plethora of outdoor activities and spaces to enjoy.

The Southside of the city really has become one of the most sought-after locales in Glasgow, its collection of independent bars & restaurants, coffee shops, boutiques and museums have made it a hub for those that love both culture and community.

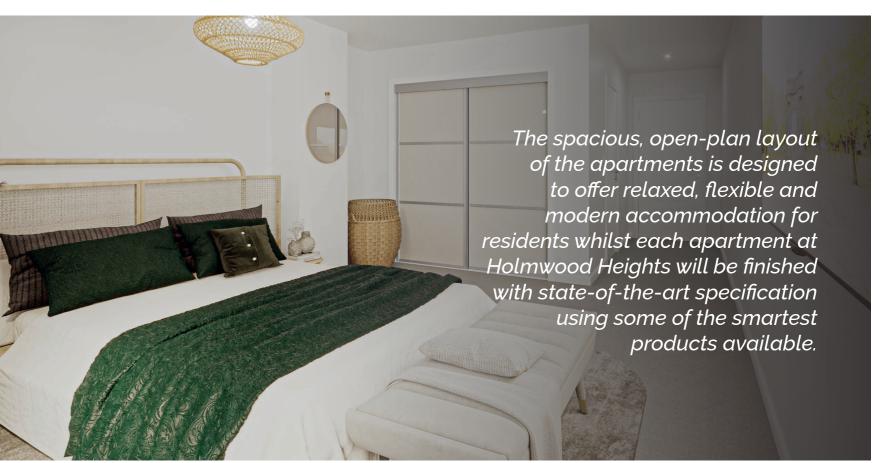

Schooling in the area has abecome one of the main reasons people want to live here and there are a choice of excellent nurseries and highly regarded public and private schools.

Holmwood Heights is also perfectly placed to provide ease of access to the City Centre and beyond - with excellent rail, car and bus routes, everyone is catered for. Additionally, Glasgow International Airport is easily accessed via M77 & M8.

For over 20 years, the FM Group has proudly built and refurbished some of the most iconic buildings throughout Scotland and beyond.

The FM Group was formed in 1997 by Jonathon Milne with the support of his family. The residential and commercial developer started from small beginnings with the refurbishment of a single apartment in Edinburgh and to date, FM has completed some remarkable projects in a variety of locations around the world.

They created thousands of residential homes and millions of square feet of commercial offices, leisure and retail spaces. With a now global portfolio FM has gone on to produce some of the finest developments in the UK and internationally.

Built on family values and a passion for delivering high quality homes. FM Group was formed by the Forbes & Milne families who have worked together for many years in the property, agricultural and renewable sectors.

As the business has grown, so has its management capabilities. It has focused its core teams and brought in valued technical consultants and partners to assist in creating a dynamic business capable of taking on any challenge or project whatever the scale.

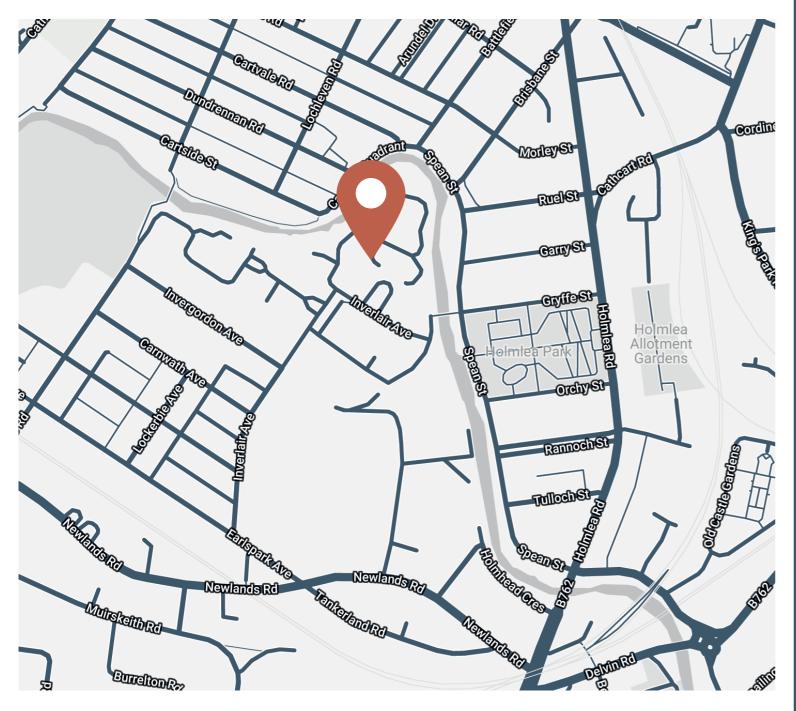

It is currently restoring ruined castles and listed buildings, creating new villages, developing resorts and luxury hotels, and investing in new business ventures. FM also remains committed to agriculture and renewable energy sectors with specific expertise in refurbishing listed buildings, preserving and protecting heritage across Scotland and further afield.
