- Immaculately maintained and presented throughout

Price £650,000 Freehold

1 Beach Walk at Porth is a stunning spacious 4 bedroom detached property, located just a short stroll form the Beach and Sea with some distant sea views, immaculately presented balanced accommodation throughout and a signature Landscaped Courtyard Garden area opening off the lounge and kitchen/diner. The kitchen/diner has been extended and re-modelled featuring a generous dining area in addition to the dedicated dining room and with a wide range of bi-folding doors entirely opening onto the level garden dining/seating area. On the first floor, the property has 4 generous bedrooms and 2 bathrooms.

Externally, 1 Beach Walk has had an architectural porch extension with porthole windows and bench seating and features 2 independent driveways for up to 4 cars to park. The original garage has been mostly incorporated into the kitchen/diner but the dummy garage doors lead to a really useful beach/surf store adjacent to a newly constructed block built workshop/store offering replacement garage storage.

The property is designed and furnished in a bright "beach house" style and is currently used as a successful family holiday let with strong annual bookings and income, coupled with highly rated reviews. Further details on the likely income are available to interested parties and the furniture and fittings therein can be made available as part of a turnkey package, by separate negotiation.

## **TENURE**

Freehold

## **SERVICES**

All mains

## **COUNCIL TAX**

The property is currently rated for business purposes as a holiday let attracting business rates and 100% business rates relief (subject to criteria). The rating could be converted back to a residential dwelling for Council Tax, by application.
