- STUNNING SOUTH FACING PANORAMIC RIVER VIEWS
- DRIVEWAY WITH PRIVATE ELECTRIC GATES

Price £895,000 Freehold

The Wave is a recently constructed premium property built on three floors in a substantial plot having panoramic elevated views over the Tidal River Gannel and surrounding countryside. Entering on the middle living floor, there is a spacious tapered open plan living/kitchen area with wide opening glazed doors onto a large Sunny balcony with breathtaking elevated River views. Heading down a level, there are two front bedrooms with views, both having doors opening onto a more sheltered private patio area to the front of the property surrounded by planted landscaping. A bathroom on this level serves the two bedrooms along with a large fitted utility/plant room for laundry etc. The top floor is fashioned as a master suite, with a fronting bedroom taking full advantage of two sets of patio doors overlooking the River with glazed Juliet balconies. A bathroom on this floor serves this master bedroom, with an additional room suitable as a cot room, dressing room or perhaps as a private office.

The entire property has underfloor heating fed off an economical air source heat pump, along with double glazing, some fitted wardrobes and carpets/floorcoverings throughout.

The Wave is accessed directly off Gannel Road via a turning driveway that proceeds through electric double opening gates (with sufficient pull in space to get off the road whilst the gates open) up a driveway that leads to the large double garage with additional parking. The double garage measures some 395 sqft and will comfortably accommodate 2 vehicles side by side, or perhaps car storage along with a generous workshop/store.

To the side of the garage is a detached single storey studio building offering 2 inter-connecting rooms and equating to around 280 sqft in total. This funky industrial clad building offers wide potential as guest accommodation, an annexe, a garden suite or a generous home office/studio/salon (subject to pp if required).

The Wave is set in a generous 1/3 acre plot on this coveted road, immediately across from the River Gannel and provides substantial garden/dining and seating options to soak up the views in this South facing location. The Boating Lake and surrounding walks are a short distance away and a variety of paths lead off Gannel Road towards the town itself.

All in all, The Wave represents a fine opportunity to acquire a brand new house requiring little or no immediate maintenance in a substantial plot with huge potential on the banks of the River Gannel in Newquay. The property is offered with vacant possession and no onward chain.
