DESCRIPTION

Originally an old farmstead, this beautiful collection of 12 individually designed properties were converted in 1988. Constructed of mellow local stone under a clay tiled roof, 7 The Bartons is a sympathetically modernised barn conversion sitting at the head of the Northern courtyard and is believed to have been the old apple store. The property has a wonderful combination of high ceilings, well-proportioned rooms, original features, character and charm but with modern day conveniences including mains gas central heating; a rare find in such a rural location. To the front elevation there are 3 arched glazed openings that are a real feature and allow the light to flood in.

Steps from the courtyard lead over the front paved terrace to the feature arched glazed front door opening into a lovely vaulted entrance hall with stairs rising to the first floor where you can glance up to the exposed oak A frames. The Sitting Room is a lovely large room with a dual aspect including French doors to the rear and a glazed arched window and door to the front. The Dining Room also has an arched glazed door to the front with views over the courtyard and leads to the study, a useful space if you are working from home. There is a cloakroom with wood panelling, vanity unit and WC. To the rear is the Kitchen with classic shaker style units, ceramic sink and drainer with granite work surfaces and island unit, wall and floor units, integral dishwasher and microwave, space for range cooker and American fridge freezer. French doors lead out onto the rear west facing private terrace. Next to the Kitchen is a very good size Utility Room with stainless steel sink and drainer, plumbing and space for a washing machine & tumble dryer. There are a superb range of full length wall and floor units with work surfaces and a further door to the terrace and rear garden.

The first floor has a generous landing where you can really enjoy the vaulted ceiling above and leads to the huge vaulted 'Wow' principle bedroom which is dual aspect and also has a feature exposed oak A frame above. There is plenty of room for furniture and a very large bed, wall lights and door to the vaulted ensuite shower room with velux window, large walk-in tiled shower, WC and vanity wash hand basin with storage below. Along the landing there is an airing cupboard with recently replaced hot water tank, access to the loft which is insulated and boarded and has a pulldown ladder. Bedroom 3 is a good size double room and walk-in wardrobe which has potential to be a further en-suite and there are 2 further double bedrooms. The family bathroom includes a bath with shower mixer over, wash hand basin and WC with velux window and towel rail.

OUTSIDE

To the rear of the property there is a large West facing terrace of printed concrete and a fully enclosed and partly walled cottage style garden with lawned area, summer house and potting shed. There is wide range of mature trees and shrubs including a white wisteria, magnolia grandiflora and large acer tree. There is a rose arbour with beautiful white rose and climbing clematis. A timber gate at the end of the garden gives access to a track that leads around to the front for deliveries of larger items. A good size Garage is located across the courtyard in a block on two built of local stone with a slate roof, power, light, water with double wooden doors.

The communal areas are well established, laid out and maintained as part of a regular programme and are an asset to The Bartons. There is parking in front of the property with further space in the garage which can easily accommodate a large family car. There is also ample visitor parking within a short walk.
