Ground Floor Entrance

The impressive Entrance Hall is extremely spacious and has many original features including a beautiful stained glass leaded door with decorative panels around. This is the communal hallway for all residents.

Ground Floor Apartment

The ground floor apartment currently consists of a large living room with feature bay window, feature fireplace and small French doors leading out on to the side garden. There are two double bedrooms, both of which have bay windows, fitted wardrobe units and en-suite bathrooms. There is a study, which is currently being used as storage, as well as inner hallway that gives access to under-stairs storage. The kitchen houses matching wall and base units across three walls and gives access through to the dining room. The dining room is of a generous size with patio doors leading out on to a small paved courtyard. An integral garage sits at the rear of the property which is of a large size with W.C. The ground floor apartment is accessed via a main porch and hallway, and all rooms can be locked if necessary.

First Floor Apartment

The first floor front apartment offers similar size rooms to the ground floor. The living room has a large feature bay window as well as fireplace. The master bedroom sits behind with a large window with an en-suite and W.C. There is a further bedroom and bathroom with a feature bath. The kitchen has matching wall and base units across one wall and the apartment has its own entrance. There is access to an additional WC and wash hand basin from the kitchen.

Second Floor Front Apartment

The second floor apartment consists of one bedroom with generous living room to the front as well as kitchen. There is a separate shower room also.

Second Floor Loft Storage

The rear of the second floor is currently NOT converted and being used as storage space. The first room is board with light and power, but the second room is not. We believe this could easily be converted to provide a second bedroom en-suite or a studio apartment if desired (subject to planning).

Outside

The property is on a large corner plot offering plentiful outside space. The sunny side garden offer two apple trees, a cherry tree and there is ample room for a vegetable patch. There is a walled patio containing a plum tree.

There is an integral brick built double garage with up and over door, power (including 50AMP Supply), light and a useful toilet and wash hand basin.

ROOM DIMENSIONS

ENTRANCE PORCH

5'11 x 5'11
Communal entrance

ENTRANCE HALLWAY

21'2 x 6'2
Impressive hallway for all residents
