The property has been in the same family since it was built in 1930 and has been well-maintained over the years (including a new bathroom in 2014 and repointing, new fascias, gutters and downpipes in 2018) but now could benefit from some updating. There are numerous period features that includes open fireplaces, high skirting boards, original ceilings and picture rails, whilst the long private drive has parking for approximately five cars and leads to a brick-built garage with attached workshop. The well secluded rear garden includes a pond, further useful timber garden shed and rear gate with a permitted path for pedestrian access. There is ample room for extension, subject to the necessary consents and the property is offered with no onward chain and an internal inspection is highly recommended.

A front door leads to the **Entrance Hall** that has under stairs storage, including a deep larder type cupboard with window. The elegant **Sitting Room** has an open fireplace with ceramic tiled insert, timber surround and mantle. Bay window with UPVC double glazed windows overlooking the front of the property. The **Dining Room** has double glazed casement doors to the rear garden. The **Kitchen** is fitted with base units and matching hanging wall cabinets, with a single drainer sink top. Built in cupboard, space for fridge freezer, space for oven. **Rear Lobby** with cupboard housing oil fired boiler on programmer. Door to rear garden. **Outside WC**. From the Hall stairs lead to the **First Floor Landing** where there is a fitted storage cupboard and an access panel leading to the roof space with window. The principal **Bedroom** has built-in wardrobe cupboards and a cast iron fireplace and a bay window with UPVC double glazed windows providing a pleasant outlook over the front garden. The second double **Bedroom** has a wonderful outlook over

the long rear garden. Whilst the third **Bedroom**, a single room overlooks the front. The **Bathroom** was refitted in 2014 and comprises a white suite with panelled bath and Triton Seville shower unit over. Tiled surround. Raised circular wash hand basin on vanity unit. WC with feature period high-level cistern. Radiator, airing cupboard housing foam insulated hot water cylinder and immersion heater.

Outside there is a long private driveway with parking for around five cars leading to a brick-built **Garage** with twin vehicle doors, electric light and power. Attached to this is a long timber **Workshop** again with light and power. **The Gardens**. The front garden is laid to lawn with flower borders, enclosed by a combination of close boarded fencing and a low hedge. The superb and well secluded East facing rear garden is divided into several sections that includes an area of level lawn, a sitting out area, a pond and lightly wooded area, to the rear of which is a gated access. There is a further timber garden shed with power to the rear of the workshop along with a small timber garden store to the rear of the dining room, behind which is the oil tank. In all the plot totals around 0.18 of an acre (0.07 Ha), with the rear garden measuring approximately 120' x 40'. Outside light point, and water tap.
