DIRECTIONS

Travelling from the A5 or A494 you will enter the village of Llan Ffestiniog along the B4391. As you approach the village after a long row of terraced properties on the left there will be a turning right with a blue road sign marked 'unsuitable for heavy goods vehicles'. Take this turn and continue to the bottom of this lane turning right. After approximately 1 mile you will reach a cattle grid where you should bear left keeping the stone wall on your left hand side. From this point there are 5 gates to go through, all must be left as found (i.e. shut or open as appropriate) – please take care as the openings are narrow. Follow the lane keeping left until you reach a gate (1st gate) & bridge over a stream. Follow the track around to the left (2nd gate) and then around the rear of the farm where the track splits, bear right onto the tarmacadam. After a short distance there is a gate (3rd gate), continue along where there is another gate (4th gate) from which point the track becomes rough slate/stone. Continue across the field until reaching the last gate (5th gate) where the track continues around to the rear of Cae Canol Mawr.
