

St. Stephen's Avenue, London W12

A spectacular Victorian mid terraced house with an extension to the side of the kitchen designed by the renowned structural engineer Peter Rice. The house provides over 1,850 square feet of accommodation over three floors and has the potential of a loft conversion subject to the usual consents.

This well presented family home comprises; a double reception room opening on to the spectacular kitchen extension which in turn leads on to the West facing rear garden. On the first floor is the principal bedroom with walk through dressing room and en suite bathroom. There are an additional three double bedrooms (one with en suite currently used as a utility room) and a family bathroom. The property is located at the northern end of St. Stephen's Avenue making it well placed for ease of access to the transport connections at Shepherd's Bush and Shepherd's Bush Market (Hammersmith & City, Central and Circle lines) as well as the shopping and leisure facilities at Westfield London including John Lewis, SoHo house private members club.

Asking Price: £1,500,000 Freehold

Score	Energy rating	Current	Potential
92+	A		
81-91	B		
69-80	C		
55-68	D	66 D	77 C
39-54	E		
21-38	F		
1-20	G		

The graph shows the current energy efficiency of your home. The higher the rating the lower your fuel bills are likely to be. The potential rating shows the effect of undertaking the recommendations on page 3. The average energy efficiency rating for a dwelling in England and Wales is band D (rating 60). The EPC rating shown here is based on standard assumptions about occupancy and energy use and may not reflect how energy is consumed by individual occupants.
