Our Vendor Loves...

"It has been an absolute privilege to live in this beautiful building that was built in 1857 for the last 11 years. The main bedroom and living room have a real wow factor with amazing high ceilings, while the bathroom was completely rebuilt in the 2022 to modernise. The garden has been my pride and joy - it was in an awful state when we moved in but we have transformed it into a little oasis of calm that everyone in the building makes use of regularly. We have always got on well with our neighbours and it's a really lovely street to live in with the park so close and two stations within easy walking distance."
