Property Summary

Guide Price: £400,000 - £425,000

Propertyworld is delighted to present this stunning one bedroom ground floor garden flat. The property is larger than the average one bedroom and comes with a fully converted basement that works as a large study / home office or play room. Occupying the whole of the ground floor of this handsome Victorian terrace house, the property is bright, airy and benefits from lots of natural light. The reception room to the front is west facing and the large bay windows floods the room is natural sunlight. Decorative cornicing and picture rail accentuate the height of the ceilings. There is a generous double bedroom which again has a number of period details with a large double glazed window overlooking the side return. The long hallway runs through to the rear of the building, accessing a modern bathroom and a stunning kitchen diner. The kitchen has a contemporary feel with handleless units and integrated appliances. There is plenty of room for a dining area and bags of light from three windows and a door to the garden. The garden is a real oasis, quiet and secure with a patio area and large side return. The basement conversion has created a room that is over 22ft by almost 7 feet.

Our Vendor Loves...

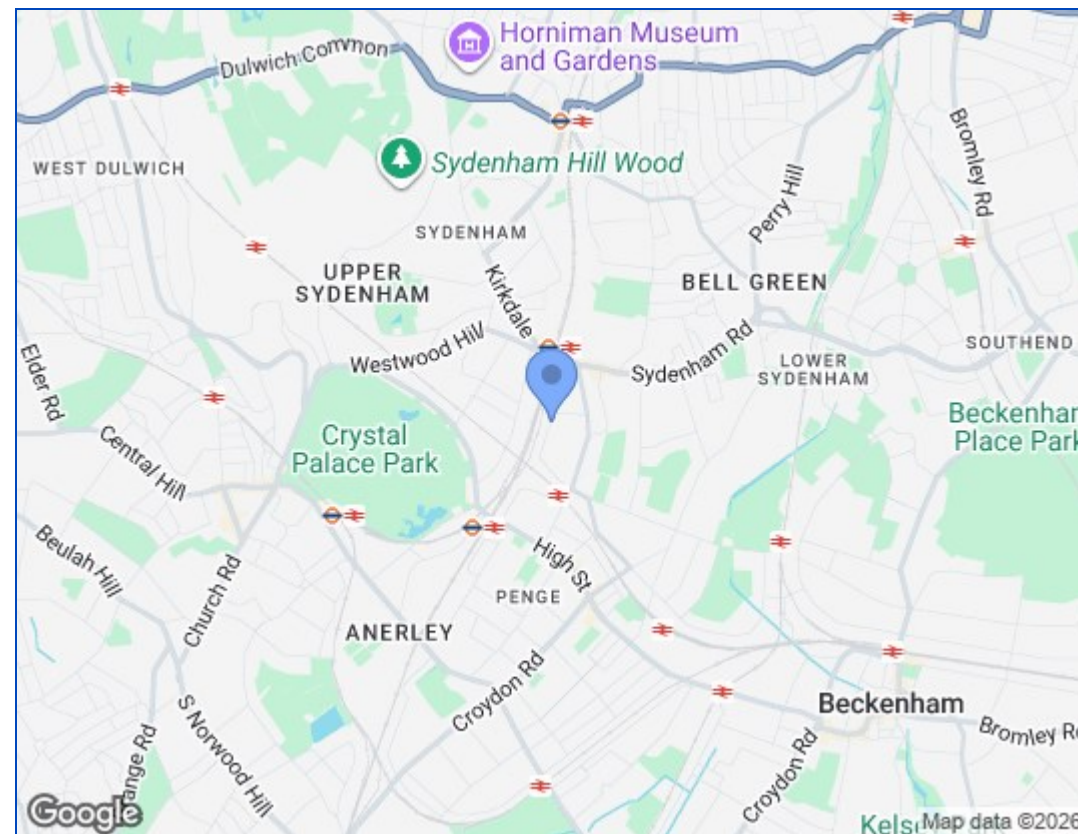

"I instantly loved how spacious the house felt, thanks to the high ceilings. The garden is amazing in the warmer months, a lovely suntrap for morning coffee, and the street has a very safe, friendly vibe."
