With 2 spacious double bedrooms this is a fine extended period home, formally a miners cottage with the benefit of a spacious and well equipped kitchen dining room. The property is accessed through a small covered passage from the front complete with its own period graffiti from 1928, this taking you to the main entrance to the rear. A door takes you into the utility room with a Belfast sink, storage cupboards and useful cloakroom. A further door leads to the main living room which has attractive exposed stone walls either side, a Bath Stone fireplace and stairs to the first floor with an understairs storage cupboard. The living room is part open plan to the kitchen dining room with the kitchen itself having a good number of shaker style wall and base units, a central island unit and built in appliances which include a double electric oven with gas hob, fridge and space for a dishwasher. The room has an abundance of natural light with 2 sky lights, dual aspect windows to the side and rear, and a single door and separate French doors both leading to the patio. Solid oak flooring runs from the living room into the kitchen dining room. To the first floor are the two double bedrooms, both with rear facing windows and views over a small paddock with a shower room completing the upstairs. The property is double glazed throughout and warmed by mains gas central heating. Externally the cottage has a garden to the rear only which is pretty and well maintained. Off the kitchen is a patio with a small retaining wall and steps to a gravel path leading to the rear of the garden. Much of the garden is laid to lawn with many established perennial and evergreen bushes and shrubs. It is enclosed by fencing and at the gardens end is an attractive low stone wall and delightful patio which is very private and this overlooks the paddock to the rear. The cottage further benefits a stone shed ideal for storage which was originally a pig shed. Parking is to the front.
