Continue for approximately two miles and upon passing the Storrs Hall Hotel, Bellman Close is the second turning on the left. Upon entering the development turn right and No.10 is situated on the ground floor of the right hand back block of eight apartments with parking facilities and garage to the rear.

Property Overview: A two bedroomed apartment situated on the ground floor of a small block consisting of a block of 4 with an adjoining block of 4 similar properties constructed in 1990 of block cavity insulated walls with rough cast finish under a slated roof. The property has a video entry phone system.

This good sized apartment has a communal entrance hall (shared between 4 flats) and on entering the apartment has an entrance hall with two handy storage cupboards, one houses a washing machine with shelf for supplies. There are also additional plug sockets. This cupboard also has the control for the bathroom underfloor heating. A lovely bright living room with patio doors leading to a sunny south west facing covered patio terrace overlooking the communal gardens, New vertical blinds have been fitted to the living room windows. Kitchen with appliances of Baumatic electric oven and gas hob and extractor over, built in fridge/freezer and dishwasher. The property has two good sized bedrooms with integral wardrobes and shower room with WC, pedestal washbasin and large walk in shower and has the advantage of underfloor heating. Gas fired central heating is installed together with double glazed windows, video entry phone and security alarm. The development is set within attractive landscaped grounds and there is a single garage together with additional parking for use by residents and visitors. The garage also has an mezzanine area above accessed via a loft ladder and having light and power, providing an excellent storage area
