Stepping through the front entrance, you'll enter the living room, which provides access to both the kitchen on the lower ground floor and stairs leading to the bedrooms spread over the upper two floors. The living room benefits from dual aspects to the front and side, allowing natural light to fill the ground floor. It also features a coal-effect fire and ample space for furniture. Adjacent to the living room is a cloakroom area with a door leading outside, as well as a W.C., with the cloakroom offering potential to be used as a utility room.

From the living room, follow the stairs down to the kitchen/diner, which offers plenty of space for a dining table. Comprising wall and base units, a complementary worktop, and tiled splashbacks, the kitchen is ready for a new purchaser to make it their own. Integrated appliances include a Bosch oven and grill with an extractor above, with space for a freestanding fridge/freezer and undercounter washing machine.

Back on the ground floor, head up the stairs to the first floor where you'll find one of the three double bedrooms. This light-filled room has a front-facing window and space for additional furniture to suit. Next door is the four-piece bathroom, with part-tiled walls and flooring, a bath, pedestal hand wash basin, corner shower, and W.C.

On the second floor, there are further bedrooms; the second bedroom having a front-facing window and space for more bedside furniture, while the third bedroom has a small side-facing window with room for a double bed and bedside furniture.
