Step inside to the welcoming entrance hall, ideal as a dining room, offering a cosy haven perfect for sharing meals with family and friends. Adjoining the dining room is a practical cloakroom equipped with a wash basin and W.C. The heart of the home, the living room, invites you in with its original fireplace and open fire, promising warmth and comfort. The ground floor benefits from underfloor oil-fired central heating, ensuring a snug atmosphere regardless of the weather.

The modern kitchen features wall and base units, complementary granite worktops and a tiled splashback, with an integrated fridge, oven, induction hob, and extractor fan. There is also a ceramic sink positioned beneath a rear aspect window, offering delightful views. The stable door to the rear allows you to savour the open countryside, providing a seamless indoor-outdoor flow to the garden.

Follow the stairs to the first floor where the landing offers a second sitting area with access to the bedroom accommodation. The two double bedrooms on this floor are rich in character, featuring original fireplaces and beams, whilst bedroom one enjoys a wardrobe for added convenience. The family bathroom is a luxurious four piece suite, offering a freestanding roll-top bath with wonderful views over the Dales, a pedestal sink, corner shower and W.C., all complemented by tiled flooring and a heated towel radiator.

Outside, the picturesque garden completes this idyllic picture with a paved patio perfect for al fresco dining and a generous lawn extending to the rear, offering an ideal space for children and pets to play, all while enjoying uninterrupted views of the fells beyond.

Externally, there is a boot room to the front housing the boiler, as well as a stables building with traditional cobbles and listed stable stores which is equipped with plumbing for a washing machine and drier, light and power making it a convenient utility space. Adjacent to this is a two-storey barn, perfect for storage. Also with light and power and access from both the front and rear on the ground floor, this space offers significant potential (subject to planning consents).

At the rear, you'll find a garage equipped with light and power, perfect for extra storage with an adjoining lean-to, offering additional space for parking, machinery, gardening tools or use as a woodstore.
