Cheswick Green is a popular and well established semi rural village on the fringes of Shirley. The original hamlet was developed throughout the 1970's and Creynolds Lane provides one of the main artery roads into the village itself and enjoy a real rural feeling with working farmland along its length. The nearby modern village development has its own small parade of shops, community centre, pub and restaurant, children's play areas and an excellent nursery infant and junior school. Local bus services also double up as school buses taking senior pupils to Alderbrook School in Solihull, in whose catchment area we are advised the property falls, although education facilities are subject to confirmation from the local education department.

Surrounding Cheswick Green is open countryside with walks, and the bustling town centre of Shirley is approximately three miles distant. Here one will find an excellent array of shopping facilities ranging from small speciality and convenience stores to a choice of major supermarkets and superstores on the Retail Park, a wide choice of restaurants and hostelryes and a thriving business community. This extends along the Stratford Road to the nearby Cranmore, Widney, Monkspath and Solihull Business Parks, approximately one mile away from Cheswick Green. Close by is the Blythe Valley Business Park, a high technology business centre attracting businesses to the area. This is adjacent to the junction of the M42 motorway, and two junctions down the motorway will bring you to the National Exhibition Centre and Birmingham International Airport and Railway Station.

This extensive detached property offers versatile accommodation and enjoys a superb plot with large gardens.
