## Description

Shepherds Green Road is located on the exciting new Lucas Green development that is situated on the edge of Shirley; ideally placed to take advantage of the facilities offered by both Shirley town centre and the popular Solihull town centre, with the modern and vibrant Touchwood Centre and a mainline train station with links to Birmingham and London.

Some 1.5 miles away from the property is the M42 motorway forming the heart of the Midland Motorway Network. Two junctions down the M42 is junction 6 with direct access to Birmingham International Airport and the National Exhibition Centre.

An ideal location therefore for this very well presented modern three storey semi detached house which was constructed originally by Charles Church and offers versatile living accommodation that has been maintained to a high standard by the current owners who purchased the property when new.

The property benefits from being adjacent to a small area of open space and to enjoy this the house has a number of 'extra' windows in the side elevation which also bring pleasant additional light to the interior. During their occupation the current owners have landscaped the garden and boarded the majority of the loft space. Viewing is recommended to appreciate the property.
