Detached garage & a second hidden garden • EPC = C

Guide Price £450,000

If you are looking for a change of lifestyle, like the idea of being part of a village community, want a property that provides an abundance of internal accommodation and benefits from good sized gardens, then look no further as this could be the house you have been waiting for. The current vendors have modernised and extended this attractive family home over the years, resulting in a property that is ready for immediate occupation. A viewing is highly recommended to fully appreciate everything that it has to offer, especially as it is offered to the market with No Onward Chain.

As you enter through the front door you will notice that the hallway is spacious, this is because it has been extended, a lovely feature that is generally overlooked. From here there are various doors that open to multiple reception rooms, the kitchen/diner and a cloakroom. The two main living rooms are found to the front of the property, both benefit from attractive bay windows, one has built in storage, whilst the other has a multi fuel burner, perfect for the colder winter months. There is separate dining room which provides space for a good-sized dining table and has a door that opens to the rear garden. A home office/gym/playroom which has electric underfloor heating, a Velux roof light and a door out to the garden is immediately adjacent.

The kitchen/living/dining area is located at the rear of the property and again benefits from electric underfloor heating. There are various appliances including a Quooker tap, double oven, four ring gas hob, dishwasher and an American style fridge/freezer. There are multiple granite worktops, one of which incorporates a stainless steel sink with drainer and various wall and base units for storage. At the far end you will find space for a breakfast table with chairs, whilst the snug area provides a lovely place to sit and enjoy the sun in the summer months. A door from this room again opens to the garden. The utility room has been fitted with built in storage and a worktop which has space below for a washing machine and dryer.

To the first floor there are four double bedrooms, all with built in wardrobes and storage. The master also has an en-suite comprising corner shower, low level w/c, hand basin with storage below, underfloor heating and a chrome heated towel rail. A family bathroom comprising bath, low level w/c, hand basin with storage below, underfloor heating and heated mirror completes the internal accommodation.

Externally there are two sections of garden. The largest is to the rear of the property, boasting a recessed decked seating area, patio, garden shed, mature trees and shrubs. If you have young children or pets then the fact that the garden is fully enclosed by a timber fence will surely appeal. The front garden is hidden away behind the garage and has been used for growing home produce. This is a delightful extra for anyone who is green fingered. The garage has an electric roller door and a secure store at its rear. The gravelled drive provides parking for multiple cars, whilst lights have been installed to illuminate the front at night.

A SUBSTANTIAL MODERN FAMILY HOME WITH NO ONWARD CHAIN

Energy Efficiency Rating		Current	Potential
Very energy efficient - lower running costs			
(92-100)	A
