We have pleasure in offering to the market this thoughtfully designed and constructed modern home completed around 2016 to a high specification, combining both traditional and contemporary elements.

The property was constructed by a well regarded developer, forming one of only a handful of dwellings within this small cul-de-sac setting, offering attractive brick elevations beneath a pantile roof, creating an almost barn style effect behind which lies a versatile level of accommodation over two floors. Immaculately presented throughout with relatively neutral decoration and contemporary fixtures and fittings the accommodation comprises an attractive initial entrance hall with high vaulted ceiling up to a galleried landing above and a good level of integrated storage with oak internal doors leading to two main receptions including a dual aspect sitting room and versatile study/dining room with integrated furniture. The heart of the home will undoubtedly become the large open plan living/dining kitchen which is beautifully appointed with a generous range of units and integrated appliances, the living area having two runs of bifold doors with a westerly aspect into the rear garden. In addition there is a useful utility and ground floor cloak room. To the first floor there are four double bedrooms, the master of which is a particularly attractive room with initial walk through dressing area leading into the main bedroom with vaulted ceiling having a dual aspect and contemporary ensuite shower room. In addition there is a well appointed family bathroom.

In addition the property benefits from under floor heating to the ground floor and sealed unit double glazed windows offering a good level of efficiency lying well into a B energy rating.

As well as the accommodation on offer the property occupies a pleasant position on a relatively low maintenance plot having a block set driveway, garage to the side and enclosed westerly facing garden at the rear with central lawn and paved terrace which links back into the main reception areas.

Overall viewing comes highly recommended to appreciate both the location and accommodation on offer.
