We have pleasure in offering to the market this tastefully presented, individual, detached family home originally constructed in 2010 by well regarded local developer GS Developments, finished to a high specification with a great deal of thought and attention to detail. The property combines the benefits and efficiency associated with modern construction and the aesthetics of a more traditional home.

The property offers an attractive double fronted brick elevation with central porch and entrance door all beneath a pantile roof behind which lies a versatile level of accommodation providing three main receptions, breakfast kitchen with useful utility off and ground floor cloak room all of which lead off a stunning central hallway. A turning staircase rises to the first floor where there are four bedrooms, three being generous doubles, two of which benefit from ensuite facilities, with separate family bathroom.

The property is tastefully presented throughout with relatively neutral decoration, modern yet traditional style fittings, more contemporary bathrooms, attractive solid oak cottage latch doors, deep oak skirting and architrave, many column radiators and a range of floor coverings.

As well as the accommodation on offer the property occupies a delightful plot, set well back from Main Street behind a walled and hedged frontage with ample off road parking, electric car charging point and double garage. To the rear is a generous garden with large paved terrace, central lawn and established borders.

Overall this is a fantastic bespoke home close to the heart of this well regarded village.
