We have pleasure in offering to the market this really interesting, individual, detached, dormer style home which offers an excellent level of internal accommodation, lying in the region of 2,000sq.ft. In addition the property occupies a fantastic secluded plot generous by modern standards, extending to around 0.27 of an acre, tucked away in a small cul-de-sac setting shared with only five other dwellings.

Originally constructed in the 1980s to a unique design which has created a deceptive and versatile level of accommodation spanning two floors, with a bias to the ground floor that allows the property to be utilised purely as a single storey dwelling if required, making it ideal for those downsizing from considerably larger properties but still wanting an individual home on a generous plot, positioned within walking distance of the wealth of amenities of this highly regarded and well served Vale of Belvoir village.

The property offers up to four double bedrooms with two bathrooms, the master suite being situated on the ground floor with spacious ensuite bathroom off and the main living accommodation extending to three reception areas as well as a generous open plan breakfast kitchen with useful utility off and ground floor cloak room. The accommodation leads off a fantastic central hallway with high vaulted ceiling and galleried landing above, having an excellent level of storage with a wealth of built in storage cupboards.

Although likely to require a general program of cosmetic updating the property provides a blank canvas for those wishing to place their own mark on a home.

As well as the internal accommodation the property occupies a delightful plot, generous by modern standards, lying in excess of 1/4 of an acre with substantial block set driveway, double garage and useful detached workshop to the side which could, subject to any necessary consents, provide further scope for possible conversion into a home office, ideal for today's way of working. The gardens run to all sides and have been lovingly established over the years, being well stocked with an abundance of trees and shrubs.

Overall viewing comes highly recommended to appreciate both the location and accommodation on offer.

BOTTESFORD
