A fantastic opportunity to purchase an interesting, individual, detached family orientated home forming one of a handful of bespoke, modern homes completed in 2022 to a high specification and offering a versatile level of accommodation which approaches 2,200 sq.ft.

Located within a small, select development of similar bespoke dwellings on the former Glebe Farm site, the properties have been designed to offer elements of a more traditional build with attractive brick elevations beneath a pantiled roof, having a double fronted facade behind which lies a great deal of versatility. The property has two main reception rooms as well as a spacious open plan living/dining kitchen which leads out into a rear garden affording wonderful panoramic views across the Trent valley. In addition there is a useful utility and ground floor cloak room. The second reception is perfect as a home office, ideal for today's way of working or, alternatively is large enough to be a formal dining room or playroom.

To the first floor the property boasts four double bedrooms, three of which benefit from ensuite facilities, with separate family bathroom. The master suite is particularly impressive having a well proportioned double bedroom with an attractive high vaulted ceiling and Juliette balcony with stunning panoramic views as well as a walk through dressing room and ensuite.

The property benefits from attractive flush casement double glazed windows, gas central heating, the addition of air conditioning to the living area of the kitchen and master bedroom, neutral decoration throughout and contemporary fixtures and fittings.

As well as the internal accommodation the property occupies a pleasant plot with an excellent level of off road parking having a large block set driveway which leads to a substantial double garage. The rear gardens are enclosed to all sides, benefitting from extensive panoramic views across the village and the Trent valley beyond.

Overall viewing comes highly recommended to appreciate both the location and accommodation on offer.
