Meadow View forms one of four individual detached homes within this stunning bespoke development comprising two new build barn style properties with a further period barn and the original Grade II listed farmhouse. Meadow View occupies what is an enviable position on the south easterly side of the development affording superb panoramic views across adjacent fields and to Waltham on the Wolds on the horizon.

The property offers an extensive level of internal accommodation which extends to in excess of 3,000 sq.ft. but benefits from two further potential rooms in loft space offering a further 600 sq.ft. of floor area with the total, excluding its integral garage which provides a further 370 sq.ft.

The property has been completed by a well regarded local developer known for producing high specification bespoke homes, particularly within the Vale, with this properties being no exception. The property has been designed and constructed with a great deal of thought and attention to detail mimicking the aesthetics of a barn but combining this with the advantages of modern, efficient, construction and contemporary living.

The property offers a considerable level of versatility within its layout with up to three main reception areas including a fantastic, well proportioned, dual aspect living/dining kitchen with access out into the rear garden and affording panoramic views. The kitchen is tastefully appointed with a generous range of Shaker style units finished in heritage colours with quartz preparation surfaces and high specification integrated appliances which creates a fantastic area, perfect for today's way of living, and will undoubtedly become the hub of the home. In addition there is a useful utility providing further storage complementing the main kitchen units. The two further receptions provide light and airy spaces that lead off a central hallway with ground floor cloak room. An attractive staircase rises to a first floor galleried landing above, flooded with light from a full height threshing barn style opening. To the first floor, leading off a central landing, are four double bedrooms, two with ensuite facilities, and a spacious main bathroom, all fitted with contemporary

fixtures and fittings. Off an inner landing is a further staircase which rises to two superb spaces in the eaves which currently provide an excellent level of storage and around 600 sq.ft. of floor area with full height pitch and could offer potential for further conversion into additional rooms.

The property benefits from modern construction and efficient living with underfloor heating to both the ground and first floors, deep skirtings and architraves, oak internal doors and neutral decoration throughout. The properties benefit from heating provided by air source heat pumps.

As well as the internal accommodation the property occupies a delightful corner plot, the main gardens lying to two sides with ample off road parking and an integral double garage with electric doors and car charging point. The rear gardens benefit from panoramic views across adjacent fields and to Waltham on the Wolds on the horizon.

Overall this is a truly impressive home in a pleasant semi rural setting with viewing coming highly recommended.

### **EASTWELL**

Eastwell lies in the Vale of Belvoir and amenities can be found in the adjacent village of Stathern including primary school and village shop. Further facilities can be found in the nearby market towns of Bingham, Grantham and Melton Mowbray and from Grantham there is a high speed train to King's Cross in just over an hour. The village is also convenient for the A52, A46 and A1.
