An opportunity to purchase an interesting, link detached, relatively modern home tucked away off a private driveway towards the end of this small established cul-de-sac and offered to the market with no upward chain.

This property provides a versatile level of internal accommodation comprising an initial entrance hall with ground floor cloak room off, two receptions including a formal dining room/study and a spacious sitting room at the rear house overlooking the garden and benefitting from a solid fuel stove. This in turn links through into an impressive open plan dining kitchen of generous proportions with French doors leading out onto the frontage as well as further access into a useful walk in pantry and utility room. To the first floor there are three double bedrooms as well as a main bathroom.

As well as the internal accommodation the property occupies a pleasant established plot with the majority of the frontage re-landscaped to maximise off road parking, with established borders and a further lawned garden area to the south side of the close which encompasses established shrubs and a useful timber storage shed. To the rear of the property is a pleasant enclosed garden which is relatively generous by modern standards having an initial terrace leading onto a mainly lawned garden with established borders.

Overall this an interesting, individual home offering a great deal of versatility and is likely to appeal to a wide audience whether it be from single or professional couples, young families making use of the local school or also, potentially, those downsizing from larger dwellings and looking for a relatively modern home within a village setting.
