Holme Farm Cottage is a particularly attractive period cottage with beautiful predominantly ironstone elevations beneath a clay pantiled roof, having updated double glazed windows and an attractive central porch. Behind this pretty exterior is a versatile level of accommodation which approaches 1,400 sq.ft., offering a wealth of charm and character. Each room offers its own individuality with exposed internal brick and stonework, deep sills and attractive fireplaces which all combine to create a truly quaint and fascinating home.

The accommodation in its current layout provides three main reception areas, including a substantial conservatory at the rear with a pleasant aspect into the garden. The kitchen is a wonderful space having a high vaulted ceiling with exposed timbers as well as a dual aspect, a generous range of integrated units and a gas fueled Aga. A potential ground floor third bedroom/office again has a beautiful pitched ceiling with exposed beams and could offer additional potential as the attached brick store to the side elevation could be amalgamated into the main accommodation. In addition, to the ground floor, there is a secondary hallway which would make an excellent home office with ground floor cloak room/utility off. To the first floor there are two bedrooms, both with ensuite facilities. The main bedroom is of particularly generous proportions and leads through into a dressing room/first floor office space with spacious ensuite bathroom off.

As well as the internal accommodation the property occupies a delightful established plot tucked away off Village Street, affording a substantial level of off road parking with a double garage and additional outbuildings. Gardens run to three sides, the main garden benefitting from a south to westerly aspect.

Overall this is a unique opportunity to purchase a truly individual home within a pleasant village setting.
