A residential development site with planning in principal for 2-4 dwellings together with an existing 1930s built house for renovation standing in a large garden and adjoining the derelict farm buildings, a grass paddock. In all the property extends to 3.53 acre or thereabouts.

The property stands with road frontage to Beacon Hill Road. There is an existing driveway and the house stands with a long rear garden. The existing farm buildings, for demolition, are single storey in scale, mainly of breeze block and timber construction, with corrugated roofs which may have an asbestos content.

Newark on Trent provides an excellent range of amenities. The Town Centre and historic Market Place host numerous boutiques, cafes, restaurants and local shops. There is a Waitrose store and a Retail Park.

Communications are excellent as the town lies on the intersection of the A1 trunk road and the A46. Main East Coast railway trains are capable of journey times from Newark Northgate to London King's Cross in just over 75 minutes. There are rail services from Castle station to Nottingham and Lincoln.

The existing house is constructed with brick elevations under a slate roof. Window frames are wood framed with sealed unit double glazing. There is an external oil fired central heating boiler and a PVC oil tank. The following accommodation is provided.
