## Bucks Hill Cottage Bucks Hill

Kings Langley

Proffitt and Holt are delighted to offer to the market this rarely available four bedroom detached family home located in the highly sought after area of Bucks Hill, near Chipperfield.

Brought to the market with NO UPPER CHAIN, Bucks Hill Cottage is set within lovely open countryside between Rickmansworth & Kings Langley. Rickmansworth Station provides a Met Line service to London and the Chiltern Turbo to Marylebone. In addition there is a train service to Euston from Kings Langley. There is a good selection of schools both state and private within the locality. The area is an attractive rural location yet has the convenience of London with access to the M25 at Junctions 18,19 or 20 and the motorway network.

Bucks Hill Cottage is a stylish character home which reputedly dates back to around 1850 and was originally two farm cottages. The property has been sympathetically extended and refurbished to provide generous accommodation yet retains many fine period features.

The ground floor reception area is versatile which includes a sitting room, study, family area and dining room. The dining area opens onto a bespoke hardwood conservatory with doors opening onto a south westerly terrace, whilst the main sitting room is located to the south of the house and is triple aspect with a feature brick open fireplace. The kitchen/breakfast room provides a homely hub to the house and is comprehensively fitted with a matching range of Shaker style wall and floor units.

There is also a generous inner hall with access to the utility room and cellar.

At first floor the accommodation is set out with the master suite to the south side including a dressing area and en suite bathroom. The guest bedroom with en suite bathroom affords views over the garden. There are two further bedrooms and a family bathroom.

The house stands in grounds approaching half an acre. The garden, terrace are a fine feature of this home and the terrace overlooks a vast expanse of lawn which is an undoubted feature of the property.
