Hempstead Road

Kings Langley

This traditional 1920's home has been modernised throughout to a high specification and tastefully decorated by the current owner, incorporating traditional design with elements such as wood panelling, as well as more contemporary features like the bi-fold doors and walk-in wardrobe. The open-plan layout of the house makes this a wonderful home for families and for entertaining, especially with its central location, just a couple of minutes walk from Kings Langley High Street and Schools.

The ground floor is well designed, with a welcoming entrance hall leading you through to all ground floor rooms. The formal sitting room is positioned at the front of the house and boasts a traditional fireplace, plenty of storage and lovely views. Adjacent to this is a further study/bedroom, with a guest W/C. To the rear of the house sits the real hub of the home, a wonderful open-plan kitchen/living/dining space which flows out to the garden via a large set of bi-folding doors, which flood the room with light. The kitchen itself is fitted in a sleek modern design with wooden worktops and it boasts plenty of storage and worktop space, as well as a convenient breakfast bar.

To the first floor, there are 4 nicely presented bedrooms and a spacious family bathroom with separate bath and shower cubicles. The Master bedroom is a particularly impressive suite, offering a fully fitted walk-in wardrobe, Juliet balcony and en-suite shower room.

Externally, the surprisingly private rear garden has been fully landscaped in a contemporary style, with different levels offering space for seating and for children to play. The inset lighting gives a lovely ambience as the Sun sets, whilst the fully fitted home office is a wonderful place to work. Side access leads you to the front, where is a driveway for multiple vehicles and an EV charging point.

Viewing is highly recommended.
