AGENTS NOTE:

Our vendor has advised that there is potential to create an off road parking space into the front garden of the property. They have legal right of access across the car park/courtyard which is owned by the owner of 36 The Square. If you wish to park a car in the main courtyard, you do need to acquire the owner of the car parks permission who we are assured is very amenable.

SOLAR PANELS:

The vendor has advised the Current energy supplier for both the gas and electric is Octopus.

The Solar panels whilst no longer provide a feed in tariff, they do provide an SEG. The current supplier for the existing contract means that our vendor receives 15 pence per unit which is fed back into the grid. One of the batteries for the panels will remain with the property (subject to sale price) which will be beneficial to the new owners as our vendor has advised that on a sunny day, gas and electric including the standing charge (based on the occupancy of two adults) costs approximately £1 for the day, according to their smart meter. Please note these figures are for Guidance purposes only and can change given time of year, weather conditions etc.
