

4 Higham Road
Rushden, Northamptonshire NN10 6DZ

Simpson & Weekley

NEWLY CONVERTED! Dating back to the late 1930's as Birch Bros Bus Depot, this beautiful Art Deco style building is now the newest and arguably most exciting development in the town for years.

Located at the front of the original building is this three storey townhouse finished to a high standard throughout and still retaining some original features. The large window across the front of the building stretching the full height of the first two floors provides sweeping light into the building, a feature only enhanced by the stunning landing that overlooks the ground floor entrance giving a mezzanine floor feel and providing a perfect place to sit and read your favourite book. The ground floor living space mixes old and new with exposed feature brick walling and the subtle curved wall providing a nod to the original building whilst the impressive fitted kitchen consists of solid wood work tops, integral appliances and gold affect fittings. The first and second floor are linked via a reclaimed oak hand built staircase, each of the floors come with high quality family bathrooms fully wall and floor tiled, there is a double bedroom to the first floor with an adjoining roofed balcony and the second floor has a further double bedroom and a door out onto the spacious outdoor roof terrace. There is allocated parking for two cars and the property is located within easy access of parks, schools, the High Street and the popular Rushden Lakes retail and leisure complex.

For people looking to commute to work the nearby A6 and A45 provide access to Bedford or Wellingborough Train Stations respectively where direct trains can get you into London St Pancras within a 50 minute journey.

A unique opportunity to purchase a piece of the towns history and a brand new home with a 'wow' factor all in one.

EPC Rating Ordered. Council Tax Band, service charges and ground rent all to be confirmed. (Front image is a historical photo of the former bus station).

£300,000
