36 Redfern Close is a spacious, well-arranged detached home, which benefits from a wealth of light throughout. It requires sympathetic modernisation throughout and occupies a generous plot, providing tremendous scope for expansion, subject to the necessary consents. It is positioned opposite an attractive and sizeable green with trees offering a sense of space as well as a safe and pleasant play area for children.

The ground floor comprises an entrance hall with a cloaks cupboard, stairs to the first floor and access to a WC, living/dining room with a dual aspect and a kitchen/breakfast room.

On the first floor, the spacious landing has a window to the side aspect and a hatch to the loft space. There are three good-sized double bedrooms, two of which include built-in storage. The family bathroom has a panelled bath with a shower attachment, pedestal wash basin and a large cupboard, which houses the combination boiler. Next to the bathroom, there is a separate WC.

At the front, the property is set back from the road behind a low-level boundary wall, lawned garden and paved driveway, which provides parking for at least two vehicles and leads to the integral garage with an up-and-over door. Gated side access leads to the mature rear garden, which is a good-size and offers a good degree of privacy. It benefits from a southeasterly aspect and is predominantly laid to lawn, with a patio area, a variety of trees, well-planted shrub borders and a timber summer house, which requires some repairs.
