A smart, stylish two-bedroom home in the ever-popular Badgers Dene, this mid-terrace gem delivers modern comfort just a short stroll from Grays station and the town centre—yes, your commute just got an upgrade.

Step inside to a bright, welcoming lounge made for cosy nights in and Netflix marathons, flowing through to a seriously roomy kitchen/diner—ideal whether you're hosting friends or just showing off your new air fryer skills. Upstairs offers two generous bedrooms and a stunning family bathroom that feels very “spa day, every day”.

Outside, you'll find a good-sized rear garden perfect for summer BBQs, morning coffees, or pretending you're finally taking up gardening. Add in two allocated parking spaces (because fighting for a spot is so last year) and the major bonus of no onward chain, and you've got a home that's ready when you are.

Modern living, great location, zero hassle. What's not to love?
