ACCOMMODATION

Larksmead Gardens is a bespoke private development. All properties have been finished to an extremely high standard to create a truly special place in which to live; heavily influenced by classic Georgian architecture befitting a development in Blandford. The heart of each home is the modern kitchen/dining room with French doors leading to the landscaped rear garden. The kitchens have been finished to a high specification with a comprehensive range of built in shaker style units, ceramic sink with three pendant light fittings above. A range of Neff integrated appliances and white goods are included and the room is laid with herringbone Karndean flooring. The tiling and flooring have been specifically selected to complement the Georgian character that blends modern styling to create a comfortable and functional feel. The sitting rooms have all been decorated with wood panelling to create an outstanding feature wall with a wood burner as a focal point to the room. The cloakrooms comprise of a white suite of w.c. and basin with a statement illuminating mirror above. The staircase is bathed in light with a Velux window set above a statement light fitting together with recessed LED lighting installed just above the skirting board.

The master bedroom is located to the front of the property also with a beautifully fitted ensuite, which seamlessly blends character fittings with modern decoration. Included is a large walk in shower cubicle, basin with vanity and illuminating mirror, and a w.c. The room is finished with tasteful brick work tiling and pattern floor tiling. The second bedroom is a good sized double, the third bedroom would accommodate a small double and the fourth bedroom is a good size single or study. The family bathrooms continue the classic character theme with a large white roll top bath with dual shower head, basin with vanity and illuminating mirror, w.c and a heated towel rail. The room is finished with part white brickwork tiling and patterned floor tiling.

All the properties include high quality carpeting, solid oak doors with black ironmongery, and a built in storage cupboard on the ground and first floors.

OUTSIDE

Access is via the stunning custom designed electric gates, offering both style and security for this unique cul de sac development, including a feature stone inscribed with 'Larksmead Gardens'. There is a small 'wilding area' at the entrance of the cul de sac and the development is landscaped with native trees and bushes. Each property includes off road parking for two vehicles laid with brick paving and bound by tasteful black metal railings. All gardens enjoy a westerly aspect and are laid to lawn with a stone patio adjoining the house which is ideal for alfresco dining.

The four bedroom houses each have a single garage set in a block with light and power (1 Larksmead Gardens also includes storage/office above the garage, ideal for home working).
